Venus Remembered

NINE YEAR OLD Margot remembers the sun. "[A] yellow crayon or a coin large enough to buy the world with . . . a warmth, like a blushing in the face, in the body, in the arms and legs and trembling hands." In Ray Bradbury's revered short story, "All Summer in a Day," the last time Margot saw the sun was when she was four years old and still living on Earth. After her family moved to Venus a year later, she longed to see the sun again and to feel its warmth on her skin. On the one day every seven years when it stops raining on Venus and the sun breaks through the perpetual cloud cover to brighten the landscape for a brief two hours, Margot is locked away in a dark closet by her jealous classmates. Readers familiar with the graceful and poetic writing of Ray Bradbury - and those new to his literary magic - will find themselves empathetic toward a young girl who is kept from feeling and seeing the sunlight by her mean-spirited peers. Jump forward in time and meet Margot at 16. In the story "When the Rain Stops," Jason Marchi provides one plausible and satisfying answer to the question left in readers' minds at the end of Bradbury's classic tale of aloneness - whatever happened to Margot?? Foreword by William F. Nolan, co-author of Logan's Run, one of the most seminal novels in the annals of science fiction.? Introduction by Dr. Jonathan R. Eller, Director of the Center for Ray Bradbury Studies at Indiana University Purdue University Indianapolis (IUPUI).? Discussions section for creative writing students.? Bonus letter from Bradbury to Marchi in March of 2002.

Bradbury Stories

100 of His Most Celebrated Tales *Harper Collins*

For more than sixty years, the imagination of Ray Bradbury has opened doors into remarkable places, ushering us across unexplored territories of the heart and mind while leading us inexorably toward a profound understanding of ourselves and the universe we inhabit. In this landmark volume, America's preeminent storyteller offers us one hundred treasures from alifetime of words and ideas - - tales that amaze, enthrall, and horrify; breathtaking journeys backward and forward in time; classic stories with the undiminished power to tantalize, mystify, elate, and move the reader to tears. Each small gem in the master's collection remains as dazzling as when it first appeared in print. There is magic in these pages: the wonders of interstellar flight, a conspiracy of insects, the early bloom of love in the warmth of August. Both the world of Ray Bradbury and its people are vivid and alive, as colorfully unique as a poker chip hand-painted by a brilliant artist or as warmly familiar as the well-used settings on a family's dining room table. In a poor man's desire for the stars, in the twisted night games of a hateful embalmer, in a magnificent fraud perpetrated to banish despair and repair a future, in a writer's wonderful death is the glowing proof of the timeless artistry of one of America's greatest living bards. The one hundred stories in this volume were chosen by Bradbury himself, and span a career that blossomed in the pulp magazines of the early 1940s and continues to flourish in the new millennium. Here are representatives of the legendary author's finest works of short fiction, including many that have not been republished for decades, all forever fresh and vital, evocative and immensely entertaining. This is Bradbury at his very best -- golden visions of tomorrow, poetic memories of yesterday, dark nightmares and glorious dreams -- a grand celebration of humankind, God's intricate yet poignantly fallible machineries of joy.

He addresses key questions such as: Does digital inequality reduce or reinforce existing, traditional inequalities? Does it create new, previously unknown social inequalities? While digital inequality affects all aspects of society and the problem is here to stay, Van Dijk outlines policies we can put in place to mitigate it. The Digital Divide is required reading for students and scholars of media, communication, sociology, and related disciplines, as well as for policymakers.

In a summer that refuses to end, in the deceiving warmth of earliest October, civil war has come to Green Town, Illinois. It is the age-old conflict: the young against the elderly, for control of the clock that ticks their lives ever forward. The first cap-pistol shot heard 'round the town is dead accurate, felling an old man in his tracks, compelling town elder and school board despot Mr. Calvin C. Doug and his cronies, however, are most worthy adversaries who should not be underestimated, as they plan and execute daring campaigns—matching old Quartermain's experience and cunning with their youthful enthusiasm and devil-may-care determination to hold on forever to childhood's summer. Yet time must ultimately be the victor, with valuable revelations for those on both sides of the conflict. And life waits in ambush to assail Doug Spaulding with its powerful mysteries—the irresistible ascent of manhood, the sweet surrender to a first kiss . . . Thirteen Ways of Looking

Fiction *Random House*

NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Los Angeles Times • The Boston Globe • The Seattle Times • The Independent In such acclaimed novels as Let the Great World Spin and TransAtlantic, National Book Award-winning author Colum McCann has transfixed readers with his precision, tenderness, and authority. Now, in his first collection of short fiction in more than a

decade, McCann charts the territory of chance, and the profound and intimate consequences of even our smallest moments. “As it was, it was like being set down in the best of poems, carried into a cold landscape, blindfolded, turned around, unblindfolded, forced, then, to invent new ways of seeing.” In the exuberant title novella, a retired judge reflects on his life’s work, unaware as he goes about his daily routines that this particular morning will be his last. In “Sh’khol,” a mother spending Christmas alone with her son confronts the unthinkable when he disappears while swimming off the coast near their home in Ireland. In “Treaty,” an elderly nun catches a snippet of a news report in which it is revealed that the man who once kidnapped and brutalized her is alive, masquerading as an agent of peace. And in “What Time Is It Now, Where You Are?” a writer constructs a story about a Marine in Afghanistan calling home on New Year’s Eve. Deeply personal, subtly subversive, at times harrowing, and indeed funny, yet also full of comfort, Thirteen Ways of Looking is a striking achievement. With unsurpassed empathy for his characters and their inner lives, Colum McCann forges from their stories a profound tribute to our search for meaning and grace. The collection is a rumination on the power of storytelling in a world where language and memory can sometimes falter, but in the end do not fail us, and a contemplation of the healing power of literature. Praise for Thirteen Ways of Looking “Extraordinary . . . incandescent.”—Chicago Tribune “The irreducible mystery of human experience ties this small collection together, and in each of these stories McCann explores that theme in some strikingly effective ways. . . . [The first story] is as fascinating as it is poignant. . . . [The second] captures the mundane and mysterious aspects of shaping characters from the gray clay of words, placing them in realistic settings and breathing life into their lungs. . . . That he makes the story so emotionally compelling is a sign of his genius. . . . The most remarkable [piece] is Sh’khol. . . . Caught in the rushing currents of this drama, you know you’re reading a little masterpiece.”—The Washington Post “McCann is a writer of power and subtlety and beauty. . . . The powerful title story loiters in the mind long after you’ve read it.”—Sarah Lyall, The New York Times “[McCann] unspools complex and unforgettable stories in this, his first collection in more than a decade.”—The Boston Globe “McCann is a passionate writer whose impulse is always toward a generous understanding of his diverse characters.”—The Wall Street Journal “Powerful, profound, and deeply empathetic, McCann’s beautifully wrought writing in Thirteen Ways of Looking glides off the page.”—BuzzFeed “McCann weaves the magic that made Let the Great World Spin so acclaimed.”—The Huffington Post

My First Summer in the Sierra

John Muir, a young Scottish immigrant, had not yet become a famed conservationist when he first trekked into the foothills of the Sierra Nevada, not long after the Civil War. He was so captivated by what he saw that he decided to devote his life to the glorification and preservation of this magnificent wilderness. "My First Summer in the Sierra," whose heart is the diary Muir kept while tending sheep in Yosemite country, enticed thousands of Americans to visit this magical place, and resounds with Muir's regard for the "divine, enduring, unwasteable wealth" of the natural world. A classic of environmental literature, "My First Summer in the Sierra" continues to inspire readers to seek out such places for themselves and make them their own.

Children Under Fire

An American Crisis *HarperCollins*

One of The New York Times’ 16 New Books to Watch for in March One of Publishers Weekly’s Most Anticipated Books of the Year One of Newsweek’s Most Highly Anticipated Books of The Year One of Buzzfeed’s Most Anticipated Books the Year Based on the acclaimed series—a finalist for the Pulitzer Prize—an intimate account of the devastating effects of gun violence on our nation’s children, and a call to action for a new way forward In 2017, seven-year-old Ava in South Carolina wrote a letter to Tyshaun, an eight-year-old boy from Washington, DC. She asked him to be her pen pal; Ava thought they could help each other. The kids had a tragic connection—both were traumatized by gun violence. Ava’s best friend had been killed in a campus shooting at her elementary school, and Tyshaun’s father had been shot to death outside of the boy’s elementary school. Ava’s and Tyshaun’s stories are extraordinary, but not unique. In the past decade, 15,000 children have been killed from gunfire, though that number does not account for the kids who weren’t shot and aren’t considered victims but have nevertheless been irreparably harmed by gun violence. In Children Under Fire, John Woodrow Cox investigates the effectiveness of gun safety reforms as well as efforts to manage children’s trauma in the wake of neighborhood shootings and campus massacres, from Columbine to Marjory Stoneman Douglas. Through deep reporting, Cox addresses how we can effect change now, and help children like Ava and Tyshaun. He explores their stories and more, including a couple in South Carolina whose eleven-year-old son shot himself, a Republican politician fighting for gun safety laws, and the charlatans infiltrating the school safety business. In a moment when the country is desperate to better understand and address gun violence, Children Under Fire offers a way to do just that, weaving wrenching personal stories into a critical call for the United States to embrace practical reforms that would save thousands of young lives.
