Robert Monroe's story is such a remarkable one that for me it took a few years of pondering and re-reading various accounts of his "journeys" to come to grips with it as a legitimate reality. Since the early 1960's, Monroe carefully logged many hundreds or thousands of out of body experiences and over the years mastered exit techniques and went on to teach them to many students at his institute in Virginia.

ROBERT A. MONROE

Far Journeys is the second of Robert Monroe's trilogy and is my favorite. I've read the actual book twice already but listening to the audio version is a real treat. Kevin Pierce is awesome as the narrator. Journeys Out of the Body was interesting, but described Robert Monroe's observations when he was still questioning his experiences.
