Some of the advantages of the multinational company are as follows: Presence across one more geography allows the generation of higher revenues. Thus, for an efficient company with having demand for its products will have top-line growth. Cheaper sourcing of raw materials or services allows creating cost efficiency for the business.

Multinational Company (Definition, Examples) | Advantages ...

An important development in the study of multinational firms and knowledge-based competitive advantage in recent years is the recognition that unique, rent-generating knowledge can be found in many locations around the globe. No longer are multinational firms assumed to be interested in foreign locations only as potential markets for goods and

Shifting Geography of Competitive Advantage

Our results suggest three set of conclusion: 1) Benefits from geographically bounded spillovers seem to be of little importance or maybe are balanced by the counterforce of intensified local competition for survival; 2) Industrial districts economies do not increase firm duration and actually lower survival rates for multinationals; 3) Diversification economies within the area are quite relevant for non multinational firms but not for multinational firms.
