"A Social Strategy is a remarkable book—perhaps the first truly comprehensive examination of one of the transformative phenomena of our time: the emergence of the social web. Broad in reach and appeal, it will interest readers who want to think about web-based social platforms in a new light and gain new insights about social media."—Toby Stuart, Haas School of Business, University of California, Berkeley

A Social Strategy |

Princeton University Press

It begins with having a plan, a strategy, an all-encompassing dream for what your organisation might look like in the future perhaps next week, perhaps next year, perhaps in a decade, but a dream that you can shoot for because without this everything you do will be a tactical island of social success and therefore will be a mere shadow of what the whole could be.

As the specialist regulator for social workers in England we've worked with people with an interest in social work to publish our first strategy, which we hope will mark a new era for the profession. We're ambitious in our intent to raise the standards of social work and education and training, to deliver radically different regulation and to build confidence in the social work profession.

Corporate strategy - Social Work England

A social media strategy defines the relationships, their value and sets out a

plan to harness them to achieve a particular goal or set of goals. This view of strategy sees business as part of a wider set of networks that involve social interactions and

levels of influence that then determine a business's capabilities to access resources (e.g. talent, funding...) and organize these to achieve its goals.
