Experiencing and the Creation of Meaning Preface To The Paper Edition, 1997 Eugene T. Gendlin, Ph.D. Philosophy has currently moved almost to the edge where this philosophy begins. The project on which it embarks is still not widely recognized, but with the current "postmodern" debates, most philosophy and most disciplines are on the brink of it.

Experiencing and the Creation of Meaning

In *Experiencing and the Creation of Meaning*, Gendlin shows how the interaction between symbols (understood very broadly) and experiencing (the flow of what's happening) IS the creation of meaning. This is deep - it goes to the root of the subject-object, mind-body dualisms that have marked Western civilization, and heals them.

Eugene Gendlin considers felt experiencing in its own right. He explores how logical order can relate concretely to felt experience. His approach makes philosophical analysis of experiencing and the creation of meaning possible. It's a most interesting book, but it's also a very difficult book to read.
