Women entrepreneurs are a vital contributor to today's economy, employing one from every four employees in the USA. Yet, there is still a dearth of research on women entrepreneurs. This study examines a particular group of women entrepreneurs largely ignored by the literature: entrepreneurs over 50

years old. It focuses on women who do not have a family, or whose children have grown up.

Glass Ceiling by ...

As women entrepreneurs move beyond the glass ceiling and build their own businesses, they face many challenges. Women's participation in higher education does not translate easily into entrepreneurship and careers in business. Even though women form the majority among students enrolled in higher education, it is a struggle for them to find their place among entrepreneurs and business owners.
