The Environmental Politics of Sacrifice (The MIT Press ...

The idea of sacrifice is the unspoken issue of environmental politics. Politicians, the media, and many environmentalists assume that well-off populations won't make sacrifices now for future environmental benefits and won't change their patterns and perceptions of consumption to make ecological room for the world's three billion or so poor who are eager to improve their standard of living.

Environmental Politics of Sacrifice - MIT Press Scholarship

Project MUSE - The Environmental Politics of Sacrifice

The Environmental Politics of Sacrifice challenges these assumptions, arguing that they limit our policy options, weaken our ability to imagine bold action for change, and blind us to the ways sacrifice already figures in everyday life. The concept of sacrifice has been curiously unexamined in both activist and academic conversations about environmental politics, and this book is the first to confront it directly.
