Our '96 engine might not be "older" but its 1200+ hours just might. Mechanic suggested 40W dino oil. I used it a couple seasons and decided to try Castrol 20W-50 GTX. Holds pressure and doesn't use between changes. The 40W held pressure but the engine used some. This info seems to confirm it's better to run the boat than look at it. God Bless, jd
