The value added tax (VAT) has spread around the world more quickly than any other new tax in modern history. This book covers value added tax and, in some parts, other consumption taxes in use or proposed in developing and developed countries. Tax on consumption generally refers to a tax on final consumption, consisting mainly of goods and ...

Introduction (Chapter 1) - Value Added Tax

A value-added tax (VAT), known in some countries as a goods and services tax (GST), is a type of tax that is assessed incrementally. It is levied on the price of a product or service at each stage of production, distribution, or sale to the end consumer. If the ultimate consumer is a business that collects and pays to the government VAT on its products or services, it can reclaim the tax paid.
