All of ZF's automatic transmissions, such as the AS Tronic series, have their own range of recommended oils which are specifically designed for use at high operating temperatures. ZF recommends that you change this transmission oil once every 80,000 to 120,000km (depending on general conditions and driving style), or at the very least, once every eight years.

DAF Trucks – in collaboration with Johnston Sweepers – has introduced ZF's 12-speed AS Tronic transmission as an option on its market-leading LF Sweeper chassis. The wide ratio spread option bridges a gap between existing manual and fully automatic transmission options from Allison, delivering low-speed control when sweeping, and efficient, low noise cruising speeds over longer distances.
