Focus on Photography

In his latest book, John Neel takes you out of your comfort zone into an exploration of advanced focus that will greatly enhance your skill as a photographer. You might think at first that focus is just a technical process, something to ‘get right’ and forget, but the same is often said of exposure and there are many books and even theories of exposure that prove that wrong; the same is true with focus even before the new possibilities of the age are added into the mix.
