Traditional Birth Attendants A Joint

Abstract Re-examines the role that traditional birth attendants can be expected to play in efforts to reduce maternal morbidity and mortality. Addressed to policy-makers and planners, the booklet aims to encourage realistic decisions based on a firm understanding of what TBAs can and cannot do and the extent to which their strengths and limitations might be affected by training programmes.

Background . Traditional birth attendants play significant roles in maternal health care in the rural communities in developing countries such as Ghana. Despite their important role in maternal health care, there is paucity of information from the perspective of traditional birth attendants regarding their role on maternal health care in rural areas in Ghana.<i> Objective</i>.

Perspective of Traditional Birth Attendants on Their ...

Skilled birth attendants. The presence of a skilled health professional (doctor, nurse or midwife) during delivery is crucial in reducing maternal and child deaths. In 2010 approximately 287 000 women died while pregnant or giving birth and 3.1 million newborns die in the neonatal period.

WHO | Skilled birth attendants

complications. Traditional birth attendants, who are not formally trained, do not meet the defini-tion of skilled birth attendants.(4,5) Skilled attendant is a term used for measuring the use of skilled care at birth in countries and globally. The types of health workers that fall into this category vary widely between coun-tries.

sheet Fact - WHO

Additionally, this indicator is a measure of a health system’s ability to provide adequate care for pregnant women; however, concerns have been expressed that the presence of a skilled attendant may not adequately capture women’s access to good-quality care, particularly when complications arise, and that information on the supplies and equipment a skilled attendant may or may not have is ...

Delivery care - UNICEF DATA

Partly in response to the Winterton Report, the Royal College of Obstetricians and Gynaecologists produced a Statement on birth in water in 1994, which was updated in 20015 and the Royal College of Midwives published a Position Paper on the use of water in labour and birth in 1994 (updated in 2000).6 Both documents endorsed the use of water in labour as a choice, provided that attendants had ...
