This book and its companion Re-Zoom
 are simply wonderful. Not only is the
 quality of the illustration first class, but
 the idea of zooming (almost endlessly) in
 and out of a picture is superbly done. It's
 full of surprises (I wont post spoilers) -
 suffice it to say that just as you think
 you've worked out what the picture is,
 the next level of zoom turns it on its
 head.

Zoom (Picture Puffin Books) by Istvan Banyai (9780140557749)

Zoom was recommended to me as a profound book of surprise transformations that I as an adult artist would find fascinating. It is in fact a child's picture book drawn in an illustration style from the 1930's or 40's that shows transformations a small child might find surprising, but which most adults will find banal, expected, arbitrary, and limited by the chosen drawing medium and style.
