The Design Economy includes the value contributed not only by designers working in design industries (eg, digital design), but that of other roles in design industries (eg, administration, finance, distribution) as well as the large number of designers that are working in other sectors across the UK economy (eg, aerospace, finance, retail).

The Design Economy | Design Council

The design process and business function should be sustainable. It should justify its existence through strong ROI. For design leaders to do this, commercial focus must find its way into existing design processes. Formal design reviews are an incredible opportunity to factor economics into the design process.
