S An Introduction To Political

Jonathan Wolff's introduction to political philosophy is by far the superior of all within its kind. Whilst many introductions to philosophy tend to overlook political and social philosophies, Wolff provides a sweeping and impartial review of the main debates in political philosophy through a series of intriguing and engaging questions.

Politics in General. The word "politics" comes from the Greek word "polis" which means "city-state.". In the ancient world, city-states are small countries regarded as centers of culture and civilization where people interact under a unified government. What transpires in the polis is politics. The origin of the word therefore suggests that politics is a term encompassing the totality of human activities transpiring within the city-state.
