1.a feeling of anticipation of or anxiety over a future event; presentiment: He had a vague premonition of danger.  
2.a forewarning. Sometimes it can be difficult to know what's true premonition, what's precognition and what's over sensitivity to following the bouncing ball a little too often for your

Precognition (from the Latin prae-, "before" and cognitio, "acquiring knowledge"), also called prescience, future vision, or future sight, is a claimed psychic ability to see events in the future. As with other paranormal phenomena, there is no accepted scientific evidence that precognition is a real effect, and it is widely considered to be pseudoscience.
