Published in 1986, I think you will find the RCBS Cast Bullet

Manual, Number 1 to be the most useful and comprehensive source of loading data for lead projectiles. ONLY LEAD projectiles are included- they use their own proprietary bullet styles, as you would expect, but you can easily and safely do some interpolating to use another bullet style of similar weight.

I met the then new owner of BCS, Steve Miller, at the NRA Convention in Phoenix. I was highly skeptical about his claims. How could any bullet be that good? I was writing my first handloading manual and planning on spending a week testing various loads in the Accurate Arms Ballistics Laboratory. That was a perfect opportunity to test BCS bullets.
