The company operates a state of the art manufacturing facility in Italy, and exports 100% of their production worldwide

Sitrex - Product Resources | Ford Distributing

Tedder A tedder is a farm tool used to make hay. The tedder has been around for over a hundred years. The exact year it was invented is up for debate, but the consensus is that it was developed sometime in the late 1800s. The Function of a Tedder Tedders spread and turn loose hay out in the field. By turning over loose hay, it's aerated. Aeration means it exposes the underside to the sun and ...
