Converting a manual transmission to an automatic is much simpler than converting an automatic to manual. This is a project that requires many parts and a strong mechanical aptitude. The brake pedal for the automatic will need to be replaced with a complete manual brake and clutch installation.

How to Convert Auto to Manual Transmission | It Still Runs

If you're converting an automatic to manual, you could come across some seemingly impossible obstacles. Sticks weren't nearly as common as automatics and, for the most part, wrecking yards are picked clean of usable clutch linkage hardware. However, the aftermarket has kept pace, and restoration specialists can offer complete clutch linkage kits for swapping a stick where an automatic once lived.
