The Influence of Sea Power Upon History: 1660–1783 is a history of naval warfare published in 1890 by Alfred Thayer Mahan. It details the role of sea power during the seventeenth and eighteenth centuries, and discussed the various factors needed to support and achieve sea power, with emphasis on having the largest and most powerful fleet. Scholars considered it the single most influential book in naval strategy. Its policies were quickly adopted by most major navies, ultimately leading to ...

Abstract. Western commentators often view the emergence of a modernizing Chinese People's Liberation Army Navy (PLAN) through the theoretical lens of

Alfred Thayer Mahan, an influential 19th century American naval theorist who advocated an imperialistic brand of sea power modeled on the British example. This approach, however, risks painting a misleading picture of China's naval ambitions because it is based on a hegemonic theory of naval power that most regional powers cannot realistically ...

Certain critics, recalling the name of Blake, may object to this half-century being associated so absolutely with the "rise of British naval power." It is, however, within Mr. Pellew's literary right to lay down certain propositions regarding the time when England began—vaguely enough—to realise the fact that its mission is to be an earth-Power, and to interpret history in the light of these.
