Your Turn

How to Be an Adult *Henry Holt and Company*

New York Times bestselling author Julie Lythcott-Haims is back with a groundbreakingly frank guide to being a grown-up. What does it mean to be an adult? In the twentieth century, psychologists came up with five markers of adulthood: finish your education, get a job, leave home, marry, and have children. Since then, every generation has been held to those same markers. Yet so much has changed about the world and living in it since that sequence was formulated. All of those markers are choices, and they're all valid, but any one person's choices along those lines do not make them more or less an adult. A former Stanford dean of freshmen and undergraduate advising and author of the perennial bestseller *How to Raise an Adult* and of the lauded memoir *Real American*, Julie Lythcott-Haims has encountered hundreds of twentysomethings (and thirtysomethings, too), who, faced with those markers, feel they're just playing the part of "adult," while struggling with anxiety, stress, and general unease. In *Your Turn*, Julie offers compassion, personal experience, and practical strategies for living a more authentic adulthood, as well as inspiration through interviews with dozens of voices from the rich diversity of the human population who have successfully launched their adult lives. Being an adult, it turns out, is not about any particular checklist; it is, instead, a process, one you can get progressively better at over time—becoming more comfortable with uncertainty and gaining the knowhow to keep going. Once you begin to practice it, being an adult becomes the most complicated yet also the most abundantly rewarding and natural thing. And Julie Lythcott-Haims is here to help readers take their turn.

How to Be an Adult

A Handbook on Psychological and Spiritual Integration *Paulist Press*

Using the metaphor of the heroic journey—departure, struggle and return—the author shows readers the way to psychological and spiritual health.

How to Raise an Adult

Break Free of the Overparenting Trap and Prepare Your Kid for Success *Henry Holt and Company*

New York Times Bestseller "Julie Lythcott-Haims is a national treasure. . . . A must-read for every parent who senses that there is a healthier and saner way to raise our children." -Madeline Levine,

author of the New York Times bestsellers *The Price of Privilege* and *Teach Your Children Well* "For parents who want to foster hearty self-reliance instead of hollow self-esteem, *How to Raise an Adult* is the right book at the right time." -Daniel H. Pink, author of the New York Times bestsellers *Drive* and *A Whole New Mind* A provocative manifesto that exposes the harms of helicopter parenting and sets forth an alternate philosophy for raising preteens and teens to self-sufficient young adulthood In *How to Raise an Adult*, Julie Lythcott-Haims draws on research, on conversations with admissions officers, educators, and employers, and on her own insights as a mother and as a student dean to highlight the ways in which overparenting harms children, their stressed-out parents, and society at large. While empathizing with the parental hopes and, especially, fears that lead to overhelping, Lythcott-Haims offers practical alternative strategies that underline the importance of allowing children to make their own mistakes and develop the resilience, resourcefulness, and inner determination necessary for success. Relevant to parents of toddlers as well as of twentysomethings—and of special value to parents of teens—this book is a rallying cry for those who wish to ensure that the next generation can take charge of their own lives with competence and confidence.

The Angry Therapist

A No BS Guide to Finding and Living Your Own Truth *Parallax Press*

Tackling relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-styledesigner, not a therapist. His radical new approach, that he sometimes calls "self-help in a shot glass" is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as *The Angry Therapist*, documenting his personal journey post-divorce. Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language—open, raw, and at times subversive—and people responded. The *Angry Therapist* blog, that inspired this book, has been featured in *The Atlantic Monthly* and on NPR.

How to Be an Adult in Love

Letting Love in Safely and Showing It Recklessly *Shambhala Publications*

We were made to love and be loved. Loving ourselves and others is in our genetic code. It's nothing other than the purpose of our lives—but knowing that doesn't make it easy to do. We may find it a challenge to love ourselves. We may have a hard time letting love in from others. We're often afraid of getting hurt. It is also sometimes scary for us to share love with those around us—and love that isn't shared leaves us feeling flat and unfulfilled. David Richo provides the tools here for learning how to love in evolved adult ways—beginning with getting past the barriers that keep us from loving ourselves, then showing how we can learn to open to love others. He provides wisdom from Buddhism, psychology, and a range of spiritual traditions, along with a wealth of practices both for avoiding the pitfalls that can occur in love relationships and for enhancing the way love shows up in our lives. He then leads us on to love's inevitable outcome: developing a heart that loves universally and indiscriminately. This transcendent and unconditional love isn't just for a heroic few, Dave shows, it's everyone's magnificent calling.

How to Be an Adult in Relationships

The Five Keys to Mindful Loving *Shambhala Publications*

This beloved book has touched hundreds of thousands of lives with its profound and actionable advice. Retaining the core message of becoming more mindful in our relationships, this edition includes new and revised material that addresses how we live and love today. A new preface touches on David Richo's experience with the book over time and outlines the key updates, including attention to online dating and modern communication styles as well as new perspectives on anger and ending relationships. How to Be an Adult in Relationships explores five hallmarks of mindful loving and how they play a key role in our relationships. Adult love is based on a mutual commitment to what Richo calls the "five A's": attention, acceptance, appreciation, affection, and allowing. How to Adult *Random House*

Adulting (verb): To do grown-up things and hold responsibilities such as having a job, paying rent or

doing laundry. A verb used exclusively by those who adult less than 50 per cent of the time. If you've forgotten to pay your council tax, you're hungover at work (again) and you've been living off pesto pasta for the past seventeen days, it's time to adult. Real American

A Memoir *Henry Holt and Company*

"Courageous, achingly honest." —Michelle Alexander, New York Times bestselling author of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* "A compelling, incisive and thoughtful examination of race, origin and what it means to be called an American. Engaging, heartfelt and beautifully written, Lythcott-Haims explores the American spectrum of identity with refreshing courage and compassion." —Bryan Stevenson, New York Times bestselling author of *Just Mercy: A Story of Justice and Redemption* A fearless memoir in which beloved and bestselling How to Raise an Adult author Julie Lythcott-Haims pulls no punches in her recollections of growing up a black woman in America. Bringing a poetic sensibility to her prose to stunning effect, Lythcott-Haims briskly and stirringly evokes her personal battle with the low self-esteem that American racism routinely inflicts on people of color. The only child of a marriage between an African-American father and a white British mother, she shows indelibly how so-called "micro" aggressions in addition to blunt force insults can puncture a person's inner life with a thousand sharp cuts. *Real American* expresses also, through Lythcott-Haims's path to self-acceptance, the healing power of community in overcoming the hurtful isolation of being incessantly considered "the other." The author of the New York Times bestselling anti-helicopter parenting manifesto *How to Raise an Adult*, Lythcott-Haims has written a different sort of book this time out, but one that will nevertheless resonate with the legions of students, educators and parents to whom she is now well known, by whom she is beloved, and to whom she has always provided wise and necessary counsel about how to embrace and nurture their best selves. *Real American* is an affecting memoir, an unforgettable *cri de coeur*, and a clarion call to all of us to live more wisely, generously and fully.

Learn Better

Mastering the Skills for Success in Life, Business, and School, Or How to Become an Expert in Just about Anything *Rodale Books*

For centuries, experts have argued that learning was about memorizing information: You're supposed to study facts, dates, and details; burn them into your memory; and then apply that knowledge at opportune times. But this approach to learning isn't nearly enough for the world that we live in today, and in *Learn Better* journalist and education researcher Ulrich Boser demonstrates that how we learn can matter just as much as what we learn. In this brilliantly researched book, Boser maps out the new science of learning, showing how simple techniques like comprehension check-ins and making material personally relatable can help people gain expertise in dramatically better ways. He covers six key steps to help you "learn how to learn," all illuminated with fascinating stories like how Jackson Pollock developed his unique painting style and why an ancient Japanese counting device allows kids to do math at superhuman speeds. Boser's witty, engaging writing makes this book feel like a guilty pleasure, not homework. *Learn Better* will revolutionize the way students and society alike approach learning and makes the case that being smart is not an innate ability--learning is a skill everyone can master. With Boser as your guide, you will be able to fully capitalize on your brain's remarkable ability to gain new skills and open up a whole new world of possibilities.

Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. Failure to Launch

Why Your Twentysomething Hasn't Grown Up...and What to Do About It *Penguin*

From an expert in adolescent psychology comes a groundbreaking, timely, and necessary guide for parents of the 2.2 million young adults in America who are struggling to find their way in the world. In Dr. Mark McConville's decades of experience as a family clinical psychologist, perhaps no problem has been more fraught than that of young adults who fail to successfully transition from adolescence into adulthood. These kids--technically adults--just can't get it together: They can't hold a job, they struggle to develop meaningful relationships, and they often end up back in their parents' spare bedroom or on the couch. In fact, studies show that one in four Americans aged twenty-five to thirty-four neither work nor attend school, and it's a problem that spans all socioeconomic and geographic

boundaries. McConville investigates the root causes of this problem: Why are modern kids "failing to launch" in ever-increasing numbers? The key, McConville has found, is that they are struggling with three critical skills that are necessary to make the transition from childhood to adulthood--finding a sense of purpose, developing administrative responsibility, and cultivating interdependence. In *Failure to Launch*, McConville breaks these down into achievable, accessible goals and offers a practical guide for the whole family, to help parents instill those skills in their young adults--and to get their kids into the real world, ready to start their lives.

The Vanishing American Adult

Our Coming-of-Age Crisis--and How to Rebuild a Culture of Self-Reliance *St. Martin's Griffin*

THE INSTANT NEW YORK TIMES BESTSELLER In an era of safe spaces, trigger warnings, and an unprecedented election, the country's youth are in crisis. Senator Ben Sasse warns the nation about

the existential threat to America's future. Raised by well-meaning but overprotective parents and coddled by well-meaning but misbegotten government programs, America's youth are ill-equipped to survive in our highly-competitive global economy. Many of the coming-of-age rituals that have defined the American experience since the Founding: learning the value of working with your hands, leaving home to start a family, becoming economically self-reliant—are being delayed or skipped altogether. The statistics are daunting: 30% of college students drop out after the first year, and only 4 in 10 graduate. One in three 18-to-34 year-olds live with their parents. From these disparate phenomena: Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close, sees an existential threat to the American way of life. In *The Vanishing American Adult*, Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens. He identifies core formative experiences that all young people should pursue: hard work to appreciate the benefits of labor, travel to understand deprivation and want, the power of reading, the importance of nurturing your body—and explains how parents can encourage them. Our democracy depends on responsible, contributing adults to function properly—without them America falls prey to populist demagogues. A call to arms, *The Vanishing American Adult* will ignite a much-needed debate about the link between the way we're raising our children and the future of our country.

Finally, you'll learn how to create positive, new relationships so you can build a better life. Born a Crime

Stories from a South African Childhood *One World*

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth.

Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

The Jetsetters

A Novel

"When seventy-year-old Charlotte Perkins submits a sexy essay to the "Become a Jetsetter" contest, she dreams of reuniting her estranged children: Lee, an almost-famous actress; Cord, a handsome Manhattan venture capitalist who can't seem to find a bride; and Regan, a harried mother who took it all wrong when Charlotte bought her a Weight Watchers gift certificate for her birthday. Charlotte yearns for the years when her children were young and she was a single mother who meant everything to them. When she wins the cruise, the family packs all their baggage--literal and figurative--and spends ten days traveling from sun-drenched Athens through glorious Rome to tapas-laden Barcelona on an over-the-top cruise ship, the Splendido Marveloso. As lovers new and old join the adventure, long-buried secrets are revealed, and the Perkins family is forced to confront the defining choices in their lives. Can four lost adults find the peace they've been seeking by reconciling their childhood aches and coming back to each other? In the vein of *The Nest* and *The Vacationers*, Ward has created a delicious and intelligent novel about the courage it takes to reveal our true selves, the pleasures and perils of family, and how we navigate the seas of adulthood to cruise--we can only hope--toward joy"--
