Chew The Omnivore Edition Vol
This deluxe edition collects the first two five-issue story arcs of the ultraviolent (and ultracannibalistic) foodie buddy-cop comic. In a near future where millions of Americans died from a particularly nasty avian flu, poultry is outlawed and a Prohibition-style black market springs up to satisfy the needs of gastronomes and frustrated chefs.

the omnivore edition is comprised of the first 2 volumes of Chew, the first being "Taster's Choice", and the second "International Flavor", and i loved them both so much! Hilarious, interesting, well drawn, and the story keeps getting better as you progress. cannot wait to get my hands on the rest of the volumes!

Chew: The Omnivore Edition, Vol. 1 by John Layman
Chew just gets better in this second Omnivore Edition. Layman has created a really clever and entertaining storyline from a quilt of crazy patches. Nothing feels accidental, everything feels tightly planned even though each piece is more unlikely than the last.

Chew: The Omnivore Edition, Vol. 6 by John Layman
The CHEW universe expands in this volume. We get more characters and more complex relationships between the already established characters. Volume one introduced us to the world. Volume two took us on a nice tropical adventure (unless the vampire ate you). But volume three shows there's way more to this story than we've seen. The volume is called JUST DESSERTS, but we've only just finished the appetizer.
