Setting the Table

The Transforming Power of Hospitality in Business *Harper Collins*

In October 1985, at age twenty-seven, Danny Meyer, with a good idea and scant experience, opened what would become one of New York City's most revered restaurants—Union Square Cafe. Little more than twenty years later, Danny is the CEO of one of the world's most dynamic restaurant organizations, which includes eleven unique dining establishments, each at the top of its game. How has he done it? How has he consistently beaten the odds and set the competitive bar in one of the toughest trades around? In this landmark book, Danny shares the lessons he's learned while developing the winning recipe for doing the business he calls "enlightened hospitality." This innovative philosophy emphasizes putting the power of hospitality to work in a new and counterintuitive way: The first and most important application of hospitality is to the people who work for you, and then, in descending order of priority, to the guests, the community, the suppliers, and the investors. This way of prioritizing stands the more traditional business models on their heads, but Danny considers it the foundation of every success that he and his restaurants have achieved. Some of Danny's other insights: Hospitality is present when something happens for you. It

is absent when something happens to you. These two simple concepts—for and to—express it all. Context, context, context, trumps the outdated location, location, location. Shared ownership develops when guests talk about a restaurant as if it's theirs. That sense of affiliation builds trust and invariably leads to repeat business. Err on the side of generosity: You get more by first giving more. Wherever your center lies, know it, name it, believe in it. When you cede your core values to someone else, it's time to quit. Full of behind-the-scenes history on the creation of Danny's most famous restaurants and the anecdotes, advice, and lessons he has accumulated on his long and ecstatic journey to the top of the American restaurant scene, *Setting the Table* is a treasure trove of innovative insights that are applicable to any business or organization.

Amateurs and pros alike will find the dishes here as accessible as they are irresistible. Beyond just providing recipes, *The Union Square Cafe Cookbook* inspires confidence in home cooks by sharing Michael Romano's tips for success. Indulge Your Senses

Scaling Intimacy in a Digital World *Post Hill Press*

"Simply put, Michael Dorf is a true hustler. When the internet upended the music business, he wasn't romantic to the way things were done and like any great entrepreneur, focused on what's happening today. It has been fun for me to watch Michael operate in this ever-changing world. There is a lot that can be learned from this man."—Gary Vaynerchuk, Founder and CEO, VaynerMedia; and author, *Crushing It* As founder of the iconic Knitting Factory music venue in New York, Michael Dorf became one of the earliest pioneers of digital music in the 1990s and found himself addicted to the seductive promise of the Internet. But losing everything in the dot-com bust led to a renewed appreciation for the sensory pleasures of life and inspired him to gamble big with his latest crazy idea: Launching a wine-making facility in the middle of Manhattan for patrons who could also have

dinner in a cozy three-hundred-seat venue while watching concerts by artists such as Elvis Costello, Steve Earle, Suzanne Vega, and Esperanza Spalding. After surviving another economic cataclysm—the Great Recession of 2008—Dorf found that his City Winery concept worked beautifully and he expanded it into a national network of clubs that continues to grow rapidly. Along the way, he realized why his venues are sold out nearly every night, from Boston to Nashville: Trapped in a digital bubble, increasingly separate from the real world, people are eager for the visceral, sensory experiences he offers. In *Indulge Your Senses: Scaling Intimacy in a Digital World*, Dorf tells riveting tales from his wild ride through three decades of business escapades and dispenses invaluable wisdom for readers—entrepreneurs, executives, students, professionals, lovers of music and wine—who are struggling to balance the virtual and the real in a world awash in technology. “Music, wine, food, and community—not only has Michael Dorf cracked the code on a recipe so many of us crave most in an increasingly disconnected world, he’s also managed to grow a brilliantly successful business while listening to his gut and sticking to his values. It’s a feat that all entrepreneurs would be wise to study closely.” —Danny Meyer, CEO, Union Square Hospitality Group; Founder, Shake Shack; and author, *Setting the Table: The Transforming Power of Hospitality in Business* “The lessons learned in Michael Dorf’s fascinating career make this as much a business book about how to thrive by indulging a customer’s senses in our digital age as it is a gripping tale from an insider in the New York rock and jazz world during a period of massive technological change.”—Steve Case, co-founder of the investment firm Revolution LLC and former CEO of AOL “Sonic Youth, Beck, John Zorn, Cecil Taylor—Michael Dorf showcased them all at his cutting-edge Knitting Factory. Neil Young, Aaron Neville, Macy Gray, Shawn Colvin—those artists and more have graced his upscale City Winery. It’s hard to imagine anyone in New York who has presented more great live music over the past thirty years. This book is the colorful story of how Dorf pulled it off, both before and after the Internet upended the music industry and changed our lives forever. It’s inspiring reading for anybody who cares about music, culture, and wine, and explains how to thrive by offering people a live experience they will always remember.” —Rita Houston, WFUV Program Director

Serious Eater

A Food Lover's Perilous Quest for Pizza and Redemption *Penguin*

"A hilarious and moving story of unconventional entrepreneurialism, passion, and guts." --Danny Meyer, CEO of Union Square Hospitality Group; Founder of Shake Shack; Author of *Setting the Table* Original recipes by J. Kenji López-Alt of The Food Lab and Stella Parks of BraveTart James Beard Award-winning founder of Serious Eats Ed Levine finally tells the mouthwatering and heartstopping

story of building--and almost losing--one of the most acclaimed and beloved food sites in the world. In 2005, Ed Levine was a freelance food writer with an unlikely dream: to control his own fate and create a different kind of food publication. He wanted to unearth the world's best bagels, the best burgers, the best hot dogs--the best of everything edible. To build something for people like him who took everything edible seriously, from the tasting menu at Per Se and omakase feasts at Nobu down to mass-market candy, fast food burgers, and instant ramen. Against all sane advice, he created a blog for \$100 and called it...Serious Eats. The site quickly became a home for obsessives who didn't take themselves too seriously. Intrepid staffers feasted on every dumpling in Chinatown and sampled every item on In-N-Out's secret menu. Talented recipe developers like The Food Lab's J. Kenji López-Alt and Stella Parks, aka BraveTart, attracted cult followings. Even as Serious Eats became better-known--even beloved and respected--every day felt like it could be its last. Ed secured handshake deals from investors and would-be acquirers over lunch only to have them renege after dessert. He put his marriage, career, and relationships with friends and family at risk through his stubborn refusal to let his dream die. He prayed that the ride would never end. But if it did, that he would make it out alive. This is the moving story of making a glorious, weird, and wonderful dream come true. It's the story of one food obsessive who followed a passion to terrifying, thrilling, and mouthwatering places--and all the serious eats along the way. Praise for Serious Eater "Read[s] more like a carefully crafted novel than a real person's life." --from the foreword by J. Kenji López-Alt "Wild, wacky, and entertaining...The book makes you hungry for Ed to succeed...and for lunch." --Christina Tosi, founder of Milk Bar "Serious Eater is seriously good!...you'll be so glad [Ed] invited you to a seat at his table." --Ree Drummond, author of *The Pioneer Woman Cooks* "After decades of spreading the good food gospel we get a glimpse of the missionary behind the mission." --Dan Barber, chef, Blue Hill and Blue Hill at Stone Barns

Nobu

A Memoir *Atria/Emily Bestler Books*

"In this outstanding memoir, chef and restaurateur Matsuhisa...shares lessons in humility, gratitude, and empathy that will stick with readers long after they've finished the final chapter." —Publishers Weekly (starred review) "Inspiration by example" (Associated Press) from the acclaimed celebrity chef and international restaurateur, Nobu, as he divulges both his dramatic life story and reflects on the philosophy and passion that has made him one of the world's most widely respected Japanese fusion culinary artists. As one of the world's most widely acclaimed restaurateurs, Nobu's influence on food and hospitality can be found at the highest levels of haute-cuisine to the food trucks you frequent during the work week—this is the Nobu that the public knows. But now, we are finally introduced to the private Nobu: the man who failed three times before starting the restaurant that would grow into an empire; the man who credits the love and support of his family as the only thing keeping him from committing suicide when his first restaurant burned down; and the man who values the busboy who makes sure each glass is crystal clear as highly as the chef who slices the fish for Omakase perfectly. What makes Nobu special, and what made him famous, is the spirit of what exists on these pages. He has the traditional Japanese perspective that there is great pride to

be found in every element of doing a job well—no matter how humble that job is. Furthermore, he shows us repeatedly that success is as much about perseverance in the face of adversity as it is about innate talent. Not just for serious foodies, this "insightful peek into the mind of one of the world's most successful restaurateurs" (Library Journal) is perfect for fans of Marie Kondo's *The Life-Changing Magic of Tidying Up* and Danny Meyer's *Setting the Table*. Nobu's writing does what he does best—it marries the philosophies of East and West to create something entirely new and remarkable.

All the Restaurants in New York *Abrams*

From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people's favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. *All the Restaurants in New York* is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of these much-loved restaurants.

Ten Restaurants That Changed America *Liveright Publishing*

Featuring a new chapter on ten restaurants changing America today, a "fascinating . . . sweep through centuries of food culture" (Washington Post). Combining an historian's rigor with a food enthusiast's palate, Paul Freedman's seminal and highly entertaining *Ten Restaurants That Changed America* reveals how the history of our restaurants reflects nothing less than the history of America itself. Whether charting the rise of our love affair with Chinese food through San Francisco's fabled Mandarin; evoking the poignant nostalgia of Howard Johnson's, the beloved roadside chain that foreshadowed the pandemic of McDonald's; or chronicling the convivial lunchtime crowd at Schrafft's, the first dining establishment to cater to women's tastes, Freedman uses each restaurant to reveal a wider story of race and class, immigration and assimilation. "As much about the contradictions and contrasts in this country as it is about its places to eat" (The New Yorker), *Ten Restaurants That Changed America* is a "must-read" (Eater) that proves "essential for anyone who cares about where they go to dinner" (Wall Street Journal Magazine).

Restaurant Man *Penguin*

The New York Times Bestselling Book--Great gift for Foodies "The best, funniest, most revealing inside look at the restaurant biz since Anthony Bourdain's *Kitchen Confidential*." —Jay McInerney With a foreword by Mario Batali Joe Bastianich is unquestionably one of the most successful restaurateurs in America—if not the world. So how did a nice Italian boy from Queens turn his passion for food and wine into an empire? In *Restaurant Man*, Joe charts a remarkable journey that first began in his parents' neighborhood eatery. Along the way, he shares fascinating stories about his establishments and his superstar chef partners—his mother, Lidia Bastianich, and Mario Batali.

Ever since Anthony Bourdain whet literary palates with *Kitchen Confidential*, restaurant memoirs have been mainstays of the bestseller lists. Serving up equal parts rock 'n' roll and hard-ass business reality, *Restaurant Man* is a compelling ragu-to-riches chronicle that foodies and aspiring restaurateurs alike will be hankering to read.

Minding the Store

A Big Story about a Small Business *Algonquin Books*

In this graphic memoir, the founder of an iconic housewares shop recounts starting a business—and a family—while trying to make it in New York City. Whether it's a set of vintage plates from a 1920s steamship, a mug with a New Yorker cartoon on it, a tin of sprinkles designed by Amy Sedaris, or a juice glass from a Jazz Age hotel, Fishs Eddy products are distinctly recognizable. A New York institution, Fishs Eddy also remains a family business whose owners endured the same challenges as many family businesses—and lived to write about it in this tale filled with humorous characterizations of opinionated relatives, nosy neighbors, quirky employees, and above all the eccentric foibles of the founders themselves. Readers come to know author Julie Gaines and her husband, with whom she founded the store, and because this is a family business, the illustrations are all in the family, too. Their son Ben Lenovitz's drawings bring Fishs Eddy to life with a witty style à la Roz Chast and Ben Katchor. To anyone who has ever dreamed of opening a little business—or anyone with any kind of dream—*Minding the Store* offers wisdom, inspiration, and an exceedingly entertaining story about staying true to yourself. "I really enjoyed this book. In fact, I could go for a second helping!" —Amy Sedaris, actress and author of the New York Times bestseller *I Like You* "An anti-business business book . . . An antidote for anyone who wants insights from successful people but is bored by jargon and unable to face another turgid tome from a bleach-toothed billionaire." —The Financial Times

The Underground Culinary Tour

How the New Metrics of Today's Top Restaurants Are Transforming How America Eats *Currency*

The Underground Culinary Tour is a high-octane, behind-the-scenes narrative about how the restaurant industry, historically run by gut and intuition, is being transformed by the use of data. Sixteen years ago, entrepreneur Damian Mogavero brought together an unlikely mix of experts—chefs and code writers—to create a pioneering software company whose goal was to empower restaurateurs, through the use of data, to elevate and enhance the guest experience. Today, his data gathering programs are used by such renown chefs as Danny Meyer, Tom Colicchio, Daniel Boulud, Guy Fieri, Giada De Laurentiis, Gordon Ramsay, and countless others. Mogavero describes such restaurateurs as the New Guard, and their approach to their art and craft is radically different from that of their predecessors. By embracing data and adapting to the new trends of today's demanding consumers, these innovative chefs and owners do everything more nimbly and efficiently—from the recipes they create to the wines and craft beers they stock, from the

presentations they choreograph to the customized training they give their servers, making restaurants more popular and profitable than ever before. Finally, Damian takes readers behind the scenes of his annual, invitation-only culinary tour for top chefs and industry CEOs, showing us how today's elite restaurants embrace new trends to create unforgettable meals and transform how we eat. From the glittering nightclubs of Las Vegas to a packed seasonal restaurant on the Long Island Sound, from Brennan's storied, family-run New Orleans dynasty to today's high-stakes celebrity chef palaces, *The Underground Culinary Tour* takes readers on an epicurean adventure they won't soon forget.

A New Standard for American Dining *Oxford University Press*

An "examination of what we don't talk about when we talk about restaurants: Is the line cook working through a case of stomach flu because he doesn't get paid sick days? Is the busser not being promoted because he speaks with an accent? Is the server tolerating sexual harassment because tips are her only income? ... [This book] offers an insider's view of the highest--and lowest--scoring restaurants for worker pay and benefits in each sector of the restaurant industry, and with it, a new way of thinking about how and where we eat"--Amazon.com.

Start Publishing Notes' Summary, Analysis, and Review of Danny Meyer's *Setting the Table: The Transforming Power of Hospitality in Business* includes a summary of the book, a review, analysis & key takeaways, and a detailed "About the Author" section. PREVIEW: *Setting the Table: The Transforming Power of Hospitality in Business* is the autobiographical account of Danny Meyer, a world-famous restaurateur. The owner of an eclectic group of eateries including Gramercy Tavern and Shake Shack, Meyer draws on his twenty-one years of experience in the industry to describe the unusual business values that underpin his wild success. Hospitality stems from the basic human need for food and family, all of which were important to Meyer from an early age. He grew up in St. Louis, packing on pounds as an adolescent who gorged on Chicago-style hotdogs. As a child, he spent a lot of time abroad and he was heavily influenced by these opportunities to soak up cultural experiences. His parents had a special fondness for France that shaped his aesthetic and gastronomical tastes. Italy was another favorite.

Overbooked

The Exploding Business of Travel and Tourism *Simon and Schuster*

"Travel is no longer a past-time but a colossal industry, arguably one of the biggest in the world and second only to oil in importance for many poor countries. One out of 12 people in the world are employed by the tourism industry which contributes \$6.5 trillion to the world's economy. To investigate the size and effect of this new industry, Elizabeth Becker traveled the globe. She speaks to the Minister of Tourism of Zambia who thinks licensing foreigners to kill wild animals is a good way to make money and then to a Zambian travel guide who takes her to see the rare endangered sable antelope. She travels to Venice where community groups are fighting to stop the tourism industry from pushing them out of their homes, to France where officials have made tourism their number one industry to save their cultural heritage; and on cruises speaking to waiters who earn \$60 a month--then on to Miami to interview their CEO. Becker's sharp depiction reveals travel as a product; nations as stewards. Seeing the tourism industry from the inside out, the world offers a dizzying range of travel options but very few quiet getaways"--

The Book of Eating

Adventures in Professional Gluttony *HarperCollins*

A wildly hilarious and irreverent memoir of a globe-trotting life lived meal-to-meal by one of our most influential and respected food critics As the son of a diplomat growing up in places like Hong Kong, Taiwan, and Japan, Adam Platt didn’t have the chance to become a picky eater. Living, traveling, and eating in some of the most far-flung locations around the world, he developed an eclectic palate and a nuanced understanding of cultures and cuisines that led to some revelations which would prove important in his future career as a food critic. In Tokyo, for instance—"a kind of paradise for nose-to-tail cooking"—he learned that “if you’re interested in telling a story, a hair-raisingly bad meal is much better than a good one." From dim sum in Hong Kong to giant platters of Peking duck in Beijing, fresh-baked croissants in Paris and pierogi on the snowy streets of Moscow,

Platt takes us around the world, re-tracing the steps of a unique, and lifelong, culinary education. Providing a glimpse into a life that has intertwined food and travel in exciting and unexpected ways, The Book of Eating is a delightful and sumptuous trip that is also the culinary coming-of-age of a voracious eater and his eventual ascension to become, as he puts it, “a professional glutton.”

Horsemen of the Esophagus

Competitive Eating and the Big Fat American Dream *Crown*

“To be up on stage, shoving food in your face, beats everyday existence for most people.” —David “Coondog” O’Karma, competitive eater “Hungry” Charles Hardy. Ed “Cookie” Jarvis. Sonya “The Black Widow” Thomas. Joey “Jaws” Chestnut. Will such names one day be looked back upon as the pioneers of a new manifestation of the irrepressible American appetite for competition, money, fame, and self-transformation? They will if the promoters of the newly emerging sport of competitive eating have their way. In Horsemen of the Esophagus, Jason Fagone reports on the year he spent in the belly of this awakening beast. Fagone’s trek takes him to 27 eating contests on two continents, from the World Grilled Cheese Eating Championship in Venice Beach, California, to Nagoya, Japan, where he pursues an interview with the legendary Takeru Kobayashi, perhaps the most prodigious eater in the world today, and to the Nathan’s Famous Hot Dog Eating Contest at Coney Island, the

sport's annual grand finale, where Kobayashi has eaten more than 50 dogs in 12 minutes. Along the way, Fagone discovers an absurd, sometimes troubling subculture on the make, ready to bust out of its county fair and neighborhood-fat-guys niche and grab a juicy piece of the big-time television sports/Vegas spectacle jackpot. Fagone meets promoters like George Shea, the P. T. Barnum of the International Federation of Competitive Eating (aka IFOCE, "the governing body of all stomach-centric sport") and enters the lives of three "gurgitators": David "Coondog" O'Karma, a fiftyish, six-two house painter from Ohio who's "not ready to become invisible"; Bill "El Wingador" Simmons, the Philly Wing Bowl legend who is shooting for a fifth chicken-eating championship despite the fact that it may be killing him; and Tim "Eater X" Janus, a lean young Wall Street trader who takes a seriously scientific and athletic approach to the pursuit of ingesting mountains of food in record-breaking times. Each in his own way feels as if he has lost or not yet found something essential in life, and each is driven by the desperate hope that through consumption he may yet find redemption, that even in the junkiest of America's junk culture, true nourishment might be found. After all, as it says on the official IFOCE seal: In Voro Veritas (In Gorging, Truth). With forays into the gastrointestinal mechanics of the alimentary canal ("it's what unbuilds the world to build you," but, hey, you can skip that part if you like), the techniques and tricks of the experienced gurgitators (pouring a little club soda on top of high-carb foods makes them easier to swallow), and the historical roots of the competitive eating phenomenon, *Horsemen of the Esophagus* gives the French something else to dislike about America. And it gives the rest of us food for thought about the bizarre and unlikely places the American Dream can sometimes lead. Also available as an eBook

Burn the Ice

The American Culinary Revolution and Its End *Penguin*

"Inspiring"—Danny Meyer, CEO, Union Square Hospitality Group; Founder, Shake Shack; and author, *Setting the Table* James Beard Award-winning food journalist Kevin Alexander traces an exhilarating golden age in American dining—with a new Afterword addressing the devastating consequences of the coronavirus pandemic on the restaurant industry Over the past decade, Kevin Alexander saw American dining turned on its head. Starting in 2006, the food world underwent a transformation as the established gatekeepers of American culinary creativity in New York City and the Bay Area were forced to contend with Portland, Oregon. Its new, no-holds-barred, casual fine-dining style became a template for other cities, and a culinary revolution swept across America. Traditional ramen shops opened in Oklahoma City. Craft cocktail speakeasies appeared in Boise. Poke bowls sprung up in Omaha. Entire neighborhoods, like Williamsburg in Brooklyn, and cities like Austin, were suddenly unrecognizable to long-term residents, their names becoming shorthand for the so-called hipster movement. At the same time, new media companies such as Eater and Serious Eats launched to chronicle and cater to this developing scene, transforming nascent star chefs into proper celebrities. Emerging culinary television hosts like Anthony Bourdain inspired a generation to use food as the lens for different cultures. It seemed, for a moment, like a glorious belle époque of eating and drinking in America. And then it was over. To tell this story, Alexander journeys through the travails and triumphs of a number of key chefs, bartenders, and activists, as well as restaurants and

neighborhoods whose fortunes were made during this veritable gold rush—including Gabriel Rucker, an originator of the 2006 Portland restaurant scene; Tom Colicchio of Gramercy Tavern and Top Chef fame; as well as hugely influential figures, such as André Prince Jeffries of Prince's Hot Chicken Shack in Nashville; and Carolina barbecue pitmaster Rodney Scott. He writes with rare energy, telling a distinctly American story, at once timeless and cutting-edge, about unbridled creativity and ravenous ambition. To "burn the ice" means to melt down whatever remains in a kitchen's ice machine at the end of the night. Or, at the bar, to melt the ice if someone has broken a glass in the well. It is both an end and a beginning. It is the firsthand story of a revolution in how Americans eat and drink.

In this completely revised and updated edition of the customer service classic, Carl Sewell enhances his time-tested advice with fresh ideas and new examples and explains how the groundbreaking "Ten Commandments of Customer Service" apply to today's world. Drawing on his incredible success in transforming his Dallas Cadillac dealership into the second largest in America, Carl Sewell revealed the secret of getting customers to return again and again in the original *Customers for Life*. Sewell focuses on the expectations and demands of contemporary consumers and employees, showing that businesses can remain committed to quality service in the fast-paced new millennium by sticking to his time-proven approach: Figure out what customers want and make sure they get it. His "Ten Commandants" provide the essential guidelines, including:

- Underpromise, overdeliver: Never disappoint your customers by charging them more than they planned. Always beat your estimate or throw in an extra service free of charge.
- No complaints? Something's wrong: If you never ask your customers what else they want,

how are you going to give it to them? • Measure everything: Telling your employees to do their best won't work if you don't know how they can improve.

Zingerman's Guide to Giving Great Service *Hyperion*

Entrepreneurial phenomenon Ari Weinzwieg, co-founder of the much-loved Zingerman's Deli, shares the secrets to providing world-class customer service. Zingerman's in Ann Arbor, Michigan, is a beloved deli with some of the most loyal clientele around. It has been praised for its products and service in media outlets far and wide, including the New York Times, Men's Journal, Inc. Magazine, Esquire, Atlantic Monthly, USA Today, and Fast Company. And what started out as a small deli has

grown to a flourishing restaurant, catering service, bakery, mail-order operation, creamery, and training business. Booming business and loyal customers are proof enough that the Zingerman's team knows a thing or two about customer service. Now in Zingerman's Guide to Giving Great Service, co-founder Ari Weinzwieg shares the unique Zingerman method of treating customers, giving the reader step-by-step instructions on what to teach staff, how to train them, how to implement the training, how to measure their success, and finally, how to reward performance. Some of Zingerman's time-tested principles: Customers who get a great product but poor service won't be as loyal as those who are disappointed with a product but get great service. You'll get more complaints if people believe you care enough to listen to them. And that's a good thing. Employees who are rewarded, respected, and well cared for treat customers the same way.
