The Shadows

A Novel *Celadon Books*

"This is absorbing, headlong reading, a play on classic horror with an

inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder." - The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back

together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

From the Shadows *Bellevue Literary Press*

Publishers Weekly "Top 10 Book of the

Year” selection “Begins as entertaining slapstick, subtly metamorphoses into fable. . . . As [the narrator’s] vivid imaginary world fuses with reality this deceptively ethereal novel advances toward a dark and startling finale.” —Wall Street Journal Laid off from his job, Damián Lobo obsessively imagines himself as a celebrity being interviewed on TV. After committing an act of petty theft at an antiques market, he finds himself trapped inside a wardrobe and delivered to the seemingly idyllic home of a husband, wife, and their internet-addicted teenage daughter. There, he sneaks from the shadows to serve as an invisible butler, becoming deeply and disastrously involved with his unknowing host family. Every thread of the plot is ingeniously tied together, creating a

potent admixture of parable, love story, and thriller. Millás masterfully reveals the everyday as innately surreal as he renders the unbelievable tangible and the trivial fantastical, and full of dark humor. Juan José Millás is the recipient of Spain’s most prestigious literary prizes: the Premio Nadal, Premio Planeta, and Premio Nacional de Narrativa. A regular contributor to *El País*, Millás has also won many awards for his journalism. He is the author of several short story collections and works of nonfiction as well as over a dozen novels, including *From the Shadows*, the first of his novels to be published in North America. He lives in Madrid.

Kingdom of Shadows

A Novel *Random House*

"Kingdom of Shadows must be called a spy novel, but it transcends genre, as did some Graham Greene and Eric Ambler classics."—The Washington Post Paris, 1938. As Europe edges toward war, Nicholas Morath, an urbane former cavalry officer, spends his days working at the small advertising agency he owns and his nights in the bohemian circles of

his Argentine mistress. But Morath has been recruited by his uncle, Count Janos Polanyi, a diplomat in the Hungarian legation, for operations against Hitler's Germany. It is Morath who does Polanyi's clandestine work, moving between the beach cafés of Juan-les-Pins and the forests of Ruthenia, from Czech fortresses in the Sudetenland to the private gardens of the déclassé royalty in Budapest. The web Polanyi spins for Morath is deep and complex and pits him against German intelligence officers, NKVD renegades, and Croat assassins in a shadow war of treachery and uncertain loyalties, a war that Hungary cannot afford to lose. Alan Furst is frequently compared with Eric Ambler, Graham Greene, and John le Carré, but Kingdom of Shadows is distinctive and entirely

original. It is Furst at his very best. Praise for Kingdom of Shadows "Kingdom of Shadows offers a realm of glamour and peril that are seamlessly intertwined and seem to arise effortlessly from the author's consciousness."—Janet Maslin, *The New York Times* "Subtly spun, sensitive to nuances, generous with contemporary detail and information discreetly conveyed. . . . It's hard to overestimate Kingdom of Shadows."—Eugen Weber, *Los Angeles Times* "A triumph: evocative, heartfelt, knowing and witty."—Robert J. Hughes, *The Wall Street Journal* "Imagine discovering an unscreened espionage thriller from the late 1930s, a classic black- and- white movie that captures the murky allegiances and moral ambiguity of

Europe on the brink of war. . . . Nothing can be like watching *Casablanca* for the first time, but Furst comes closer than anyone has in years."—Walter Shapiro, *Time*

Consiglieri**Leading from the Shadows** *Profile Books*

The key to success lies in getting to the top, right? Wrong. Not everyone can be in charge but, more importantly, not everyone should want to be. Richard Hytner, Deputy Chairman of Saatchi & Saatchi, thinks it's time to celebrate the second-in-commands, the consiglieri: from Merlin, to Al Gore, Rasputin to Machiavelli. These are the deputies, the Vice Presidents, the C-suite, the

department heads - lieutenants, advisers, and counselors - whose influence determines the fate of boardrooms, corporations, and nations. While supremacy comes with drawbacks and influence, authority and power can be found in much more interesting places than the CEO's chair. Consiglieri: Leading from The Shadows brings together historical examples from Harry Hopkins to William Seward, conversations with contemporary second-in-commands like Tony Blair and Sir Alex Ferguson, and unique insights into Stalin, JFK, and Winnie the Pooh. A mirror for contemporary 'No. 2's' and a theoretical map for future consiglieri, the book traverses an array of powerful advisers from the White House to the Vatican, across international business,

sports, and entertainment, as well as citing provocative research from psychology and academia.
