Introduction

Representative government is a type of democracy founded on the principle of elected officials representing a group of people, as opposed to direct democracy. Nearly all modern Western-style democracies are types of representative democracies; for example, the United Kingdom is a constitutional monarchy, France is a unitary state, and the United States is a federal republic.

The Principles of Representative Government - Bernard ...

It is sometimes claimed that, in Western countries, political representation is experiencing a crisis. For many years, representation

appeared to be founded on a powerful and stable relationship of trust between voters and political parties, with the vast majority of voters identifying themselves with, and remaining loyal to, a particular party.

Metamorphoses of representative government (Chapter 6 ...

Representative governments are the cornerstone of democratic political systems because they allow citizens to decide who will speak and act on their behalf in the larger government.

Representative Government: Definition & Examples - Video ...

Representative democracy is a form of government in which

the people elect officials to create laws and policy on their behalf. Nearly 60 percent of the world's countries employ a form of government based on representative democracy, including the U.S. (a democratic republic), the UK (a constitutional monarchy), and France (a unitary state). Representative democracy is sometimes called indirect democracy.

The Australian political system is one in which the people elect members of Parliament to represent them, hence we have a system of representative government. These representatives meet in Parliament and

perform a number of functions: they decide who will govern. they make laws. they debate issues. they make representations on behalf of their constituents to the government and the public service. they monitor the expenditure of public money and the actions of the government.
