Cultivating Accountability And Transparency During Covid ...

According to Robert Klitgaard's formula: $C = M + D - A$. Corruption equals monopoly plus discretion minus accountability. One will tend to find corruption happens when an organisation or person has monopoly power over a good or service, has the discretion to decide who will receive it and how much that person will get, and is not accountable.

Cultivating accountability and transparency during Covid ...

In the process these systems of accountability should increase the pressure for more transparent local governance, in which corruption will be easier to bring to light and thus to curtail. But just as it took many decades for such efforts to make much headway in the industrial countries, so too quick results cannot be expected elsewhere.
