A Practical Introduction to Day Trading *Cambridge Scholars Publishing*
Many individuals enter financial markets with the objective of earning a profit from capitalizing on price fluctuations. However, many of these new traders lose their money in attempting to do so. The reason for this is often because these new traders lack any fundamental understanding of financial markets, they cannot interpret any data, and they have no strategy for trading. Trading in markets is really about deploying strategies and managing risks. Indeed, successful traders are those who have strategies which they have proved to be consistent in granting them more financial gains than financial losses. The purpose of this book is to help a potentially uninformed retail trader or inquisitive reader understand more about financial markets, and assist them in gaining the technical skills required to profit from trading. It represents a beginner’s guide to trading, with a core focus on stocks and currencies.

The Holy Grail Trading System *CreateSpace*
The true story of a 100% mechanical Forex* trading system that returned over 1000% inside 13 months taking a starting bank of 10,000 GBP to over 100,000 GBP The title of the book is a bold one. To be the ultimate 'Holy Grail' trading system it would have the ability to automatically trade and have zero discretion. In short, a 100% mechanical system in which the person trading with it does not matter, the result will be the same. It would be a currency trading system that does not care if you are having a bad day, are on holiday or if you have had an argument with your partner in the last hour. The entries, exits, trailing stops and money management must have no user input whatsoever. All the user has to do is switch it on and wait. The forum boards of the internet are full of people searching for this ultimate trading system. Thousands of traders every day search, test and simulate for hours looking for this 'golden egg' laying goose. Most believe that it does not exist nor ever has. This book is here to prove to you that such a system did exist and was discovered by a few home based traders just like you. It can be found again. Here is my question to you. "What would you really do if you found such a system?" One that worked month after month? One that proved itself not just for weeks or months, but for years How much would you risk? How would you trade it? How would your emotions handle such a guaranteed' system? Well, Not only does this trading book tell the story of how the trading system was built, it also gives you the full trading system and strategy, free and clear for the very first time. The actual Forex trading methodology has remained a closely guarded secret for over 10 years! Nothing is held back, you will discover.. Trade by trade entry levels Trading timeframes Trade exit levels Optimum money management strategy Trailing stop settings Full results and account screenshots Could you be the next trader to find a Holy Grail system? The clues are all here. You Will Discover... What changes you should be wary of when trading your system and strategy What happens to your mind when all of your hard work comes together What happens to your mind when everything looks wrong The true reason for a system failing (hint: it mostly isn't the system) Their personal story unfolds within these pages, step by step and month by month, demonstrating how their discovery changed them forever. With full disclosure for the very first time this book shows every trade, every change, every high and every low of a Forex trading system called simply 'Grail' Who Should Buy This Book? Martinez also prepares you to: Understand the financial game of support and resistance between Bulls & Bears Use Japanese Candlesticks to discern the sign language of the market Create an entry strategy and a consistent exit strategy Use Fibonacci as part of your trading approach Forecast sideways movement in the market-and trade it Martinez shows you how to put it all together to execute a successful trade by finding convergence and analyzing the market on multiple timeframes. You'll also learn how to gain control over your emotions-a vital part of trading on Forex-and eliminate bad habits that can prevent you from becoming a confident, competent, and profitable trader. To trade the Forex market, you must come to the trading table prepared. The 10 Essentials of Forex Trading arms you with the tools to develop a solid personal trading constitution and reap the financial outcome you desire.

The Simple Strategy
Learn A Powerful Day Trading Strategy In Less Than 60 Minutes A profitable trading strategy is the most important tool for a trader. This book explains a powerful trend-following day trading strategy for trading futures, stocks, ETFs and Forex. "The Simple Strategy" Is Easy To Understand And To Trade The Simple Strategy is very popular amongst traders for the following reasons: Clear Entry Rules When trading "The Simple Strategy," there's no second-guessing. As you will see, the entry rules are based on indicators - and these rules are black and white. Either the MACD is above the zero line or it isn't. And either the RSI is above 70 or it isn't. The entries are easy to identify and execute. That's why this strategy is called "The Simple Strategy" Clear Exit Rules When trading "The Simple Strategy" you'll know when to exit even before you enter the trade. So, you know exactly how much to risk on any given trade which is essential for precise position sizing and money management. Plus, you can put the trade on auto-pilot once your entry order is filled. This keeps trade management to a minimum. It's easy and simple. Taking advantage of small intraday trends These days trends are short-lived. The times when you could enter the market in the morning and exit the market in the afternoon are over. These days the markets can turn on a dime. Low trading commissions and computerized trading have destroyed the nice and long intraday trends. However, with "The Simple Strategy" you can take advantage of the small intraday trends that we are seeing in today's markets. You don't need a sophisticated trading software If you want to trade "The Simple Strategy," you only need a charting software with "basic" charting capabilities: Your charting software needs to be able to plot RANGE BARS, BOLLINGER BANDS, MACD and RSI. More than 90% of the charting software packages that are available today have these capabilities. There's no need to buy any proprietary indicators or expensive charting software! In short: "The Simple Strategy" can greatly simplify your trading. *** WARNING: This Book Is NOT For Everybody! *** Do NOT buy this book if... ... You Are Looking For The "Holy Grail" Because it doesn't exist! When trading "The Simple Strategy," there will be losses! Losses are part of our business as traders. The good news: If you follow the rules of "The Simple Strategy," then you will make more money on your profitable trades than you lose on your losing trades. In fact, the risk/reward ratio of this strategy is 1: 1.5, so you can expect to make $150 for every $100 you risk. ... You Want To Automate Your Trading Strategies "The Simple Strategy" will give you clear entry signals, but it's up to YOU to decide if you want to take the signal. As an example, I personally do NOT trade right into a major report. And I only trade the first two hours after the markets open, since most trends occur during this time. Makes sense?

Trading The Forex Market - Repeating Setups That Beat Your Broker *Trading The Forex Market*
Are you tired of forex trading courses, forex strategies, forex trading systems and books that don't really teach you how to trade and make money? This book does not waste your time with boring stories and basic, general information just to fill up pages! "Trading The Forex Market - Repeating Setups That Beat Your Broker", is a complete comprehensive forex trading guide that's suited for all experience levels & covers all of the important aspects you need to succeed. Whether you trade short term or longer term, these forex trading strategies will turn your trading around to profitability very quickly. The forex market has repeatable setups that happen over & over, that is the foundation of the strategies. These favorable price action setups are also combined with specific indicators & candle patterns that all work very well at confirming each other. There is absolutely no silly stuff in the course such as "magical theories" and page after page of useless information. These techniques and this forex trading education will have you trading like a true professional and develop your trading mind around the WHOLE trade, so you will become a trader, not just a strategy user! Many forex traders use too many indicators and rely solely on them, this is a big mistake and contributes to most of your losses. The reason is that the indicators were not created for 24 hour trading like the forex market, and because they need to be combined with other techniques such as price action because they lag behind price. This forex trading course will show you how to use only a handful of indicators & put your efforts into spotting the repeatable setups that are right in front of you all the time. That's were the big money is. From scalping the forex market to trading medium & longer term, you're covered. The EUR/USD trade using the United States Dollar Index as the entry and the Ultimate Moving Average Play are two of the forex strategy highlights in the course. They allow you to profit thousands of pips a year! Good forex strategies are only a small part of the forex trading game and this course. Without proper forex trading education, money management & overall trade management, the best forex strategies will do you absolutely no good at all! Sections on management of your money & trades are included & will teach you how to keep losses to a minimum of 1%-3% no matter the size of your account. You will also learn techniques on how to form timely exit opinions for any forex strategy which is very important & has the biggest impact on your trading success along with proper trade management. Exits are not talked about a lot in the forex market for some reason, everyone is only interested in strategies. This is another big mistake traders make, but this forex trading guide covers that & a whole lot more making it possible for you to become an all around excellent trader. The author Larry Palmer, is an experienced trader who

started his career in the stock market and has taught his forex trading techniques and money/trade management guidelines to traders from all around the world. He is the founder of www.1on1fx.com

Forex Scalping Trading Strategies *CreateSpace*
Are you dissatisfied with amount of money you earn while dealing in forex? Forex traders looking to make quick bucks employ a method called forex scalping. They buy a certain currency and allow that position to stay only for a few seconds. In other words, they sell it almost immediately when the price goes up marginally. This is why forex scalping is also called quick trading. A forex trader is able to make small profits with each scalping trade, which can add up to a considerable amount. Learning how to trade profitably requires you to learn and master a few forex trading systems. The key to trading is becoming a master of a few trading strategies. Forex trading systems are important as they will provide you with structure, a set of rules and a plan to follow. This book will teach you some of the different types of forex scalping trading strategies and help you how to identify what makes the best forex trading system.
