Enterprise Architecture (EA) is a method and an organizing principle that aligns functional business objectives and strategies with an IT strategy and execution plan. The resources presented here reflect the insight and expertise of members of the Oracle Technology Network community who regularly deal with the challenges of EA in order to bring organizations into the future.

Enterprise Architecture - Oracle

Enterprise architecture is a strategic rather than technical effort and is core to organizations handling the complexities of change. While the absence of an EA in a company isn't critical to its growth, it broadens the breach between strategy and execution that can be eliminated by analysis and design.
