In the 150 years since the end of the Civil War and the ratification of the Thirteenth Amendment, the story of race and America has remained a brutally simple one, written on flesh: it is the story of the black body, exploited to create the country's foundational wealth, violently segregated to unite a nation after a civil war, and, today, still disproportionately threatened, locked up and killed in the streets. What is it like to inhabit a black body and find a way to live within it? And how can America reckon with its fraught racial history? Between the World and Me is Ta-Nehisi Coates’ attempt to answer those questions, presented in the form of a letter to his adolescent son. Coates shares with his son—and readers—the story of his own awakening to the truth about history and race through a series of revelatory experiences: immersion in nationalist mythology as a child; engagement with history, poetry and love at Howard University; travels to Civil War battlefields and the South Side of Chicago; a journey to France that reorients his sense of the world; and pilgrimages to the homes of mothers whose children's lives have been taken as American plunder. Taken together, these stories map a winding path towards a kind of liberation—a journey from fear and confusion, to a full and honest understanding of the world as it is. Masterfully woven from lyrical personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me offers a powerful new framework for understanding America's history and current crisis, and a transcendent vision for a way forward.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Between the World and Me

A #1 New York Times BestsellerA National Book Award FinalistA profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a black father for his son, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

The Beautiful Struggle

A Memoir One World

An exceptional father-son story from the National Book Award-winning author of Between the World and Me about the reality that tests us, the myths that sustain us, and the love that saves us. Paul Coates was an enigmatic god to his sons: a Vietnam vet who rolled with the Black Panthers, an old-school disciplinarian and new-age believer in free love, an autodidact who launched a publishing company in his basement dedicated to telling the true history of African civilization. Most of all, he was a wily tactician whose mission was to carry his sons across the shoals of inner-city adolescence—and through the collapsing civilization of Baltimore in the Age of Crack—and into the safe arms of Howard University, where he worked so his children could attend for free. Among his brood of seven, his main challenges were Ta-Nehisi, spacey and sensitive and almost comically miscalibrated for his environment, and Big Bill, charismatic and all-too-ready for the challenges of the streets. The Beautiful Struggle follows their divergent paths through this turbulent period, and their father’s steadfast efforts—assisted by mothers, teachers, and a body of myths, histories, and rituals conjured from the past to meet the needs of a troubled present—to keep them whole in a world that seemed bent on their destruction. With a remarkable ability to reimagine both the lost world of his father’s generation and the terrors and wonders of his own youth, Coates offers readers a small and beautiful epic about boys trying to become men in black America and beyond. Praise for The Beautiful Struggle “I grew up in a Maryland that lay years, miles and worlds away from the one whose summers and sorrows Ta-Nehisi Coates evokes in this memoir with such tenderness and science; and the greatest proof of the power of this work is the way that, reading it, I felt that time, distance and barriers of race and class meant nothing. That in telling his story he was telling my own story, for me.”—Michael Chabon, bestselling author of The Yiddish Policemen’s Union and The Amazing Adventures of Kavalier & Clay “Ta-Nehisi Coates is the young James Joyce of the hip hop generation.”—Walter Mosley

The Water Dancer

A Novel One World

#1 NEW YORK TIMES BESTSELLER • OPRAH’S BOOK CLUB PICK • From the National Book Award-winning author of Between the World and Me, a boldly conjured debut novel about a magical gift, a devastating loss, and an underground war for freedom. “This potent book about America’s most disgraceful sin establishes [Ta-Nehisi Coates] as a first-rate novelist.”—San Francisco Chronicle IN DEVELOPMENT AS A MAJOR MOTION PICTURE • Adapted by Ta-Nehisi Coates and Kamilah Forbes, produced by MGM, Plan B, and Oprah Winfrey’s Harpo Films NOMINATED FOR THE NAACP IMAGE AWARD • NAMED ONE OF PASTE’S BEST NOVELS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • The Washington Post • Chicago Tribune • Vanity Fair • Esquire • Good Housekeeping • Paste • Town & Country • The New York Public Library • Kirkus Reviews • Library Journal Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he’s ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia’s proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic movements in the North. Even as he’s enlisted in the underground war between slavers and the enslaved, Hiram’s resolve to rescue the family he left behind endures. This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today’s most exciting thinkers and writers, The Water Dancer is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen. Praise for The Water Dancer “Ta-Nehisi Coates is the most important essayist in a generation and a writer who changed the national political conversation about race with his 2015 memoir, Between the World and Me. So naturally his debut novel comes with slightly unrealistic expectations—and then proceeds to exceed them. The Water Dancer . . . is a work of both staggering imagination and rich historical significance. . . . What’s most powerful is the way Coates enlists his notions of the fantastic, as well as his fluid prose, to probe a wound that never seems to heal. . . . Timeless and instantly canon-worthy.”—Rolling Stone

We Were Eight Years in Power

An American Tragedy One World

In this “urgently relevant”* collection featuring the landmark essay “The Case for Reparations,” the National Book Award-winning author of Between the World and Me “reflects on race, Barack Obama’s presidency and its jarring aftermath”—including the election of Donald Trump. New York Times Bestseller • Finalist for the PEN/Jean Stein Book Award, the Los Angeles Times Book Prize, and the Dayton Literary Peace Prize Named One of the Best Books of the Year by The New York Times • USA Today • Time • Los Angeles Times • San Francisco Chronicle • Essence • O: The Oprah Magazine • The Week • Kirkus Reviews *Kirkus Reviews (starred review) “We were eight years in power” was the lament of Reconstruction-era black politicians as the American experiment in multiracial democracy ended with the return of white supremacist rule in the South. In this sweeping collection of new and selected essays, Ta-Nehisi Coates explores the tragic echoes of that history in our own time: the unprecedented election of a black president followed by a vicious backlash that fueled the election of the man Coates argues is America’s “first white president.” But the story of these present-day eight years is not just about presidential politics. This book also examines the new voices, ideas, and movements for justice that emerged over this period—and the effects of the persistent, haunting shadow of our nation’s old and unreconciled history. Coates powerfully examines the events of the Obama era from his intimate and revealing perspective—the point of view of a young writer who begins the journey in an unemployment office in Harlem and ends it in the Oval Office, interviewing a president. We Were Eight Years in Power features Coates’s iconic essays first published in The Atlantic, including “Fear of a Black President,” “The Case for Reparations,” and “The Black Family in the Age of Mass Incarceration,” along with eight fresh essays that revisit each year of the Obama administration through Coates’s own experiences, observations, and intellectual development, capped by a bracingly original assessment of the election that fully illuminated the tragedy of the Obama era. We Were Eight Years in Power is a vital account of modern America, from one of the definitive voices of this historic moment.

Between the World and Us

A workingman's response to the book "Between the World and Me" by Ta-Nehisi Coates. This book as was Mr. Coates' book is written as an essay letter from a father to a son warning him about the temptation to use racism as a means of survival in life. It analyzes the Coates' book as being an example of modern day "bullshit" about racism that serves more to promote racism by its nonsense categories than to diminish it. This book goes on to argue that polemics on racism miss the true fight as being an economic struggle between working and ruling classes of society. This book argues further that for an individual not only to defeat the temptation to be a racist individually but to go on to establish a social normative basis to make it an evil requires a realization of Despair in life and then the will to overcome this Despair by accepting a "Slave Morality."

Critical Race Theory, Ta-Nehisi Coates and His Book Between the World and Me *Independently Published*
'Between the World and Me' won awards for nonfiction, made its author Ta-Nehisi Coates plenty of money and was called 'required reading' by Toni Morrison. It is also a book set firmly on the foundation of Critical Race Theory, though its author seems unaware. Author DM Schwartz, MD, MBA, systematically dismantles 'Between the World and Me' and exposes its myriad faulty assumptions, persistent flawed logic and stubborn reliance on vague generalizations. Dr. Schwartz also challenges the stunning mediocrity of Ta-Nehisi's amateurish prose and pseudo-intellectual meanderings. Race in American society needs truthful and thoughtful analysis. Dr. Schwartz demonstrates clearly and logically how 'Between the World and Me, ' despite its accolades, simply serves up Critical Race Theory and makes everyone even more bitter and angry. This book is intended for readers open to questioning their existing beliefs and delving down rabbit holes of reason. If you are an adherent to the dreary activist propaganda of Critical Race Theory, you'd be better served reading something by Robin Diangelo.

I Am These Truths

A Memoir of Identity, Justice, and Living Between Worlds *HarperCollins*
The Emmy Award winning legal journalist and co-host of The View Sunny Hostin chronicles her journey from growing up in a South Bronx housing project to becoming an assistant U.S. attorney and journalist in this powerful memoir that offers an intimate and unique look at identity, intolerance, and injustice. “What are you?” has followed Sunny Hostin from the beginning of her story, as she grew up half Puerto Rican and half African-American

raised by teenage parents in the South Bronx. Escaping poverty and the turbulence of her early life through hard work, a bit of luck and earning academic scholarships to college and law school, Sunny immersed herself in the workings of the criminal justice system. In Washington, D.C., Sunny became a federal prosecutor, soon parlaying her wealth of knowledge of the legal system into a successful career as a legal journalist. She was one of the first national reporters to cover Trayvon Martin’s death—which her producers erroneously labeled “just a local story.” Today, an inescapable voice from the top echelons of news and entertainment, Sunny uses her platform to advocate for social justice and give a voice to the marginalized. In her signature no-holds-barred, straight-up style, Sunny opens up and shares her intimate struggles with fertility and personal turmoil, and reflects on the high-stakes cases and stories she worked on as a prosecutor and during her time at CNN, Fox News, ABC and The View. Timely, poignant, and moving, I Am These Truths is the story of a woman living between two worlds, and learning to bridge them together to fight for what’s right.

A River Runs Through It and Other Stories, Twenty-fifth Anniversary Edition *University of Chicago Press*
Just as Norman Maclean writes at the end of "A River Runs through It" that he is "haunted by waters," so have readers been haunted by his novella. A retired English professor who began writing fiction at the age of 70, Maclean produced what is now recognized as one of the classic American stories of the twentieth century. Originally published in 1976, A River Runs through It and Other Stories now celebrates its twenty-fifth anniversary, marked by this new edition that includes a foreword by Annie Proulx. Maclean grew up in the western Rocky Mountains in the first decades of the twentieth century. As a young man he worked many summers in logging camps and for the United States Forest Service. The two novellas and short story in this collection are based on his own experiences—the experiences of a young man who found that life was only a step from art in its structures and beauty. The beauty he found was in reality, and so he leaves a careful record of what it was like to work in the woods when it was still a world of horse and hand and foot, without power saws, "cats," or four-wheel drives. Populated with drunks, loggers, card sharks, and whores, and set in the small towns and surrounding trout streams and mountains of western Montana, the stories concern themselves with the complexities of fly fishing, logging, fighting forest fires, playing cribbage, and being a husband, a son, and a father. By turns raunchy, poignant, caustic, and elegiac, these are superb tales which express, in Maclean's own words, "a little of the love I have for the earth as it goes by." A first offering from a 70-year-old writer, the basis of a top-grossing movie, and the first original fiction published by the University of Chicago Press, A River Runs through It and Other Stories has sold more than a million copies. As Proulx writes in her foreword to this new edition, "In 1990 Norman Maclean died in body, but for hundreds of thousands of readers he will live as long as fish swim and books are made."

A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book Don't Let Me Be Lonely: An American Lyric. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, Citizen is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

Between the World of Ta-Nehisi Coates and Christianity *Wipf and Stock Publishers*

Between the world of Ta-Nehisi Coates and Christianity there appears to be the widest difference. Coates's brief comments on Christianity in his highly acclaimed Between the World and Me make clear that religious faith is alien to his own experience. Still, Christian audiences from congregations to theological schools engaged the text for its analysis of the state of race relations in the United States. In September 2015, Ta-Nehisi Coates tweeted, "Best thing about #BetweenTheWorldAndMe is watching Christians engage the work. Serious learning experience for me." This volume takes that tweet as an invitation to theologians, ethicists, and religious studies scholars to engage the book, and as a challenge to do so in a way that is a learning experience for Coates, the authors, and readers.

The Fire Next Time

First published in 1963, James Baldwin's A Fire Next Time stabbed at the heart of America's so-called "Negro problem". As remarkable for its masterful prose as it is for its uncompromising account of black experience in the United States, it is considered to this day one of the most articulate and influential expressions of 1960s race relations. The book consists of two essays, "My Dungeon Shook" and "Letter to my Nephew on the One Hundredth Anniversary of Emancipation"; and "Down At The Cross" and "Letter from a Region of My Mind". It weaves thematic threads of love, faith, and family into a candid assault on the hypocrisy of the so-called "land of the free", insisting on the inequality implicit to American society. "You were born where you were born and faced the future that you faced", Baldwin writes to his nephew, "because you were black and for no other reason"; His profound sense of injustice is matched by a robust belief in "monumental dignity", in patience, empathy, and the possibility of transforming America into "what America must become".

Futureface

A Family Mystery, an Epic Quest, and the Secret to Belonging *One World*

An acclaimed journalist travels the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my people? "A thoughtful, beautiful meditation on what makes us who we are . . . and the values and ideals that bind us together as Americans."—Barack Obama "A rich and revealing memoir . . . Futureface raises urgent questions having to do with history and complicity."—The New York Times The daughter of a Burmese mother and a white American father, Alex Wagner grew up thinking of herself as a "futureface"—an avatar of a mixed-race future when all races would merge into a brown singularity. But when one family mystery leads to another, Wagner's post-racial ideals fray as she becomes obsessed with the specifics of her own family's racial and ethnic history. Drawn into the wild world of ancestry, she embarks upon a quest around the world—and into her own DNA—to answer the ultimate questions of who she really is and where she belongs. The journey takes her from Burma to Luxembourg, from ruined colonial capitals with records written on banana leaves to Mormon databases, genetic labs, and the rest of the twenty-first-century genealogy complex. But soon she begins to grapple with a deeper question: Does it matter? Is our enduring obsession with blood and land, race and identity, worth all the trouble it's caused us? Wagner weaves together fascinating history,

genetic science, and sociology but is really after deeper stuff than her own ancestry: in a time of conflict over who we are as a country, she tries to find the story where we all belong. Praise for Futureface "Smart, searching . . . Meditating on our ancestors, as Wagner's own story shows, can suggest better ways of being ourselves."—Maud Newton, The New York Times Book Review "Sincere and instructive . . . This timely reflection on American identity, with a bonus exposé of DNA ancestry testing, deserves a wide audience."—Library Journal "The narrative is part Mary Roach-style participation-heavy research, part family history, and part exploration of existential loneliness. . . . The journey is worth taking."—Kirkus Reviews "[A] ruminative exploration of ethnicity and identity . . . Wagner's odyssey is an effective riposte to anti-immigrant politics."—Publishers Weekly

A Window Opens

A Novel *Simon and Schuster*

"From the beloved books editor at Glamour magazine comes a heartfelt and painfully funny debut about what happens when a wife and mother of three leaps at the chance to fulfill her professional destiny--only to learn every opportunity comes at a price. In *A Window Opens*, Elisabeth Egan brings us Alice Pearse, a compulsively honest, longing-to-have-it-all, sandwich generation heroine for our social-media-obsessed, lean in (or opt out) age. Like her fictional forebears Kate Reddy and Bridget Jones, Alice plays many roles (which she never refers to as "wearing many hats" and wishes you wouldn't, either). She is a mostly-happily married mother of three, an attentive daughter, an ambivalent dog-owner, a part-time editor, a loyal neighbor, and a Zen commuter. She is not: a cook, a craftswoman, a decorator, an active PTA member, a natural caretaker, or the breadwinner. But when her husband makes a radical career change, Alice is ready to lean in--and she knows exactly how lucky she is to land a job at Scroll, a hip young start-up which promises to be the future of reading, with its chain of chic literary lounges and dedication to beloved classics. The Holy Grail of working mothers--an intellectually satisfying job and a happy personal life--seems suddenly within reach. Despite the disapproval of her best friend, who owns the local bookstore, Alice is proud of her new "balancing act" (which is more like a three-ring circus) until her dad gets sick, her marriage flounders, her babysitter gets fed up, her kids start to grow up, and her work takes an unexpected turn. Fans of *I Don't Know How She Does It*, *Where'd You Go Bernadette*, and *The Storied Life of A.J. Fikry* will cheer as Alice realizes the question is not whether it's possible to have it all, but what does she--Alice Pearse--really want?"--

How to Be an Antiracist *One World*

#1 NEW YORK TIMES BESTSELLER • From the National Book Award-winning author of *Stamped from the Beginning* comes a “groundbreaking” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “The most courageous book to date on the problem of race in the Western mind.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist* “Ibram X. Kendi’s new book, *How to Be an Antiracist*, couldn’t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author’s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘the basic struggle we’re all in, the struggle to be fully human and to see that others are fully human.’ ”—NPR “Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. *How to Be an Antiracist* punctures the myths of a post-racial America, examining what racism really is—and what we should do about it.”—Time

Spectacle

The Astonishing Life of Ota Benga *HarperCollins*

2016 NAACP Image Award Winner An award-winning journalist reveals a little-known and shameful episode in American history, when an African man was used as a human zoo exhibit—a shocking story of racial prejudice, science, and tragedy in the early years of the twentieth century in the tradition

of *The Immortal Life of Henrietta Lacks*, *Devil in the White City*, and *Medical Apartheid*. In 1904, Ota Benga, a young Congolese “pygmy”—a person of petite stature—arrived from central Africa and was featured in an anthropology exhibit at the St. Louis World’s Fair. Two years later, the New York Zoological Gardens displayed him in its Monkey House, caging the slight 103-pound, 4-foot 11-inch tall man with an orangutan. The attraction became an international sensation, drawing thousands of New Yorkers and commanding headlines from across the nation and Europe. *Spectacle* explores the circumstances of Ota Benga’s captivity, the international controversy it inspired, and his efforts to adjust to American life. It also reveals why, decades later, the man most responsible for his exploitation would be hailed as his friend and savior, while those who truly fought for Ota have been banished to the shadows of history. Using primary historical documents, Pamela Newkirk traces Ota’s tragic life, from Africa to St. Louis to New York, and finally to Lynchburg, Virginia, where he lived out the remainder of his short life. Illuminating this unimaginable event, *Spectacle* charts the evolution of science and race relations in New York City during the early years of the twentieth century, exploring this racially fraught era for Africa-Americans and the rising tide of political disenfranchisement and social scorn they endured, forty years after the end of the Civil War. Shocking and compelling *Spectacle* is a masterful work of social history that raises difficult questions about racial prejudice and discrimination that continue to haunt us today.

White *Vintage*

Own it, snowflakes: you've lost everything you claim to hold dear. White is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from *Less Than Zero* to *American Psycho*, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of "the left." Eschewing convention, he embraces views that will make many in literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, White is a clarion call for freedom of speech and artistic freedom. "The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture."—Karen Heller, *The Washington Post* "Sweating with rage . . . humming with paranoia."—Anna Leszkiewicz, *The Guardian* "Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces."—Bari Weiss, *The New York Times*

The New *Jim Crow*

Mass Incarceration in the Age of Colorblindness *The New Press*

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—“one of the most influential books of the past 20 years,” according to the Chronicle of Higher Education—with a new preface by the author “It is in no small part thanks to Alexander’s account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system.” —Adam Shatz, *London Review of Books* Seldom does a book have the impact of Michelle Alexander’s *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander’s unforgettable argument that “we have not ended racial caste in America; we have merely redesigned it.” As the Birmingham News proclaimed, it is “undoubtedly the most important book published in this century about the U.S.” Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.
