The Accu-Slide service manual has helpful information on caring for and repairing your slide out system like: troubleshooting common problems (plus solutions!) servicing your slide out system - to include required tools, adjusting and replacing the cables. In the manual, the cable adjustment section starts on Page 6.

How To Adjust The Cables On An Accu-Slide Slide Out System

Any size: Accu-Slide, in its multiple sizes, is ideal for motor homes, travel trailers and fifth wheels. Any application: The system has no mechanical devices, hydraulics, rods or stabilizers above, beside or below the unit. So Accu-Slide can be placed in any location in the coach — including above wheel wells, above the basement, or even one slide-out above the other. And you can easily run wires and ductwork beneath the slide-out.
