Within the last two decades, “green criminology” has emerged as a distinctive area of study, drawing together criminologists with a wide range of specific research interests and representing varying theoretical orientations. “Green criminology” spans the micro to the macro, from work on individual-level environmental crimes to business/corporate violations to state transgressions, and includes research conducted from both mainstream and critical theoretical perspectives, as well as ...

A green-cultural criminology: An exploratory outline - Avi ...

'In Green Cultural Criminology, Avi Brisman and Nigel South integrate two of critical criminology’s most innovative developments in recent years: green criminology, with its focus on harms perpetrated against the environment and non-human species, and cultural criminology, with its focus on the role of the media and consumption in late modern society. The book invites green criminologists to integrate into their analysis the focal concerns of cultural criminology in order to better ...

Conclusion and future directions. According to Ferrell (2006a:255), “cultural criminologists continue toexplore new ways of conceptualizing and undertaking criminologicalscholarship, and to imagine new ways of confronting critically the intersection of culture, crime, and justice.”. In this book, we have argued thatgreen criminologists should seek “to imagine new ways of confrontingcritically the intersection of culture, crime, justice, and the environment.”.
