One-Stop Business Management System - iMerchant by Passfeed

Definition: Management control systems are the formal and informal structures put in place by a business that compare the goals and strategy of the organization against the actual outcomes.In other words, it measure how well the functions of a business and the business as a whole perform and meet objectives. This comparison is then reviewed and used to drive managerial decisions.

9780273737612 - Management Control Systems: Performance ...

After strategies are set and plans are made, management’s primary task is to take steps to ensure that these plans are carried out, or, if conditions warrant, that the plans are modified. This is the critical control function of management. And since management involves directing the activities of others, a major part of the control function is making sure other people do what should be done.
