Dictionary of Finance and Banking - Oxford Reference

The Dictionary of Occupational Titles or D-O-T refers to a publication produced by the United States Department of Labor which helped employers, government officials, and workforce development professionals to define over 13,000 different types of work, from 1938 to the late 1990s. The DOT was created by job analysts who visited thousands of US worksites to observe and record the various types of work, and what was involved. Innovative at the time, the DOT included information still used today i
