Detailed Introduction to Generational Theory

Paul introduced Generational Theory through discussion of past, present and future generations and how they interact with their peers, their parents and employers. He discussed the lessons that could be learned by both Higher Education and employers about recruitment and retention of current and future generations.

Talkin' 'bout my generation: a brief introduction to ...

Perhaps the best-known work on generational theory comes from William Strauss and Neil Howe as described in The Fourth Turning (1997). 2 Within, they define a social generation as lasting approximately 20 years with individuals experiencing four life stages over an 80-year span: childhood, young adulthood, midlife, and elderhood. Significant historical and socioeconomic events occurring during childhood help to shape the attitudes and worldview of the group.
