Arts and creative therapies are treatments which involve using arts-based activities in a therapeutic environment, with the support of a trained professional. You don't need to have done these activities before, or have any particular skills or knowledge. Different people will have different experiences of arts and creative therapies, but they all

Arts and creative therapies - Mind

Research suggests that arts and creative therapies may help with mental health problems, but it's difficult to be sure because many studies have included fairly small numbers of people. More research is needed to establish which problems or conditions arts and creative therapies can treat, or if particular aspects of each type of therapy are especially important in helping with mental health problems.
