MA Gender Analysis in International Development - UEA

The essay concludes that a gender analysis is fundamental to IPE because it demonstrates the centrality of the differential valorisation of the masculine and the feminine to the functioning of the global political economy, and thus creates opportunities for political activism and resistance.

Why Do We Need a Gender Analysis in International ...

The gender analysis matrix framework encourages bottom-up analysis through community participation to identify how gender differences impact on four areas: labour; time; resources; and sociocultural factors. This framework provides a community-based technique for the identification and analysis of gender differences and is applied on the level of society, the household, the community, and men and women.

Gender analysis | EIGE

Gender analysis is the systematic attempt to identify key issues contributing to gender inequalities, many of which also contribute to poor development outcomes. This process

explores how gendered power relations give rise to discrimination, subordination and exclusion in society, particularly when overlaid across other areas of marginalization due to class, ethnicity, caste, age, disability status, sexuality, etc.
