John Ryan, Micronations: The Lonely Planet Guide to Home-Made Nations (Lonely Planet, 2006)
Hundreds of micronations have been declared by individuals across the world. Sometimes referred to as model countries or new country projects, micronations are entities that claim to be independent nations or states but which are not recognized by world governments or by the UN. These nations often exist only on paper, on the Internet, or in the minds of their creators.

A micronation is a political entity whose members claim that they belong to an independent nation or sovereign state lacking legal recognition by world governments or major international organizations. Most are geographically very small, but range in size from a single square foot to millions of square miles. They are usually the outgrowth of a single individual. A micronation expresses a formal and persistent if unrecognized claim of sovereignty over some physical territory. Micronations are di

Micronation - Wikipedia

It was prominently featured in the 2006 book, "The Lonely Planet Guide to Micronations," wass a micronation declared as a sovereign democratic monarchy, a nation of people who have come together as citizens and wish to build and be involved in the operation of a new micronation. The Territory was comprised of privately owned land declared Vikeslandic land.
