New Perspectives Organizational Effectiveness Jossey Bass

Abstract. Current approaches to organizational effectiveness are conceptually conflicting and empirically arid. They appear handicapped by a desire to produce a single effectiveness statement about any given organization. We propose a "multiple-constituency" approach to avoid this requirement, explicitly assuming that an organization's different constituencies will form different assessments of its effectiveness.

The role of conflict types for team effectiveness, on the other

hand, is ambiguous. Furthermore, conflict management approaches affect team perceptions of relational and task conflict. Results suggest that a cooperative conflict management approach may be equally useful for Chinese work teams, as it is for teams in the Western context.
