UK Fuel Market Review
The number of UK petrol stations has been declining at a steady pace since the late 1960s. This is due to a variety of reasons. Fuel retailing is a high fixed cost, low margin

business where high volumes are required to break even.

**UK fuel market
review - RAC
Foundation**

UK Fuel Market Review
While demand in China and India has been increasing in the past five years, it has been falling in the more mature markets of North America, Europe and the Pacific. This is partly due to technological advances making the transport sector, the largest user of petroleum products, more fuel efficient.
