Presenting the various ways about
 thinking about heredity, individual
 development, and evolution, the author
 had three goals in mind: *to establish
 the relevance of individual development
 to the evolution of species; *to describe
 the most appropriate way to think about
 or conceptualize heredity in relation to
 individual development; *to show that

this somewhat unorthodox manner of
 conceptualizing heredity and individual

Individual Development and Evolution - Purchase now!

The concept of individual development
 has played two very different roles in the
 history of ideas concerning the evolution
 of species. In Darwin's time, individual
 development was believed to
 recapitulate the history of the species.
 This meant that each evolutionary
 novelty was added on at the end of
 individual development in the preceding
 species.
