Factory service manuals are produced by the vehicle manufacturer. They are the most technical type of workshop manual and are useful for finding out the nitty gritty of maintenance details; for example, they will provide service specifications, torque values, fluid capacities, diagnostic charts, prescribed maintenance timings, detailed instructions for repair procedures – and all the other facts and figures relating to your specific model of car.

Method 2 of 3: Request a manual from the manufacturer. Step 1: Contact a dealership. If you want a physical copy of the owner’s manual for your used car, the best thing to do is contact the manufacturer and request one. Most automakers are more than happy to provide you with an owner’s manual, though you may have to pay a small amount to get one.
