**We Are Not the Same Anymore** *Univ. of Queensland Press*

"We are Not the Same Anymore" is a collection of short fiction about people trying to connect with each other and the difficulties of finding intimacy. These stories play out the small catastrophes of everyday life. A man turns up at his daughter's birthday party with a goldfish in an ice-cream container. On the way to collect firewood, a woman and her teenaged neighbor crash in a snowstorm. An unwilling son helps his sister and father put up posters for a missing dog named Michael. Familiar and endearing, Chris Somerville's characters are consumed with their own neuroses, and through their eyes, the landscape of the domestic becomes surreal and dully terrifying. Suffused with a dark humor, their struggles for intimacy are recreated on the page with a deft and affectionate touch."

"A beautiful, painful, and necessary work of historical fiction." --Veera Hiranandani, Newbery Honor winning author of *The Night Diary*

**THE REPUBLIC** *BEYOND BOOKS HUB*

THE REPUBLIC Plato's Republic is widely acknowledged as one of the most influential works in the history of philosophy. Presented in the form of a dialogue between Socrates and three different interlocutors, it is an inquiry into the notion of a perfect community and the ideal individual within it. During the conversation, other questions are raised: what is goodness; what is reality; what is knowledge; what is the purpose of education? With remarkable lucidity and deft use of allegory, Plato arrives at a depiction of a state bound by harmony and ruled by 'philosopher kings'. THE REPUBLIC The Republic is a philosophical dialogue about the nature of justice and the order and character of the just city-state and the just individual. The dialogues, among Socrates and various Athenians and foreigners, discuss the meaning of justice and examine whether or not the just man is happier than the unjust man, by proposing a society ruled by philosopher-kings and the guardians. THE REPUBLIC In this intellectually and historically influential work of philosophy and political theory, Plato discusses the theory of forms, the immortality of the soul, and the roles of the philosopher and of poetry in society. THE REPUBLIC

**Sometimes We're Always Real Same-Same** *Unbridled Books*

He's in the middle of nowhere, Alaska, because his Eskimo mother has moved home, and Cesar, a seventeen-year-old former gang banger, is convinced that he's just biding his time 'til he can get back to LA. His charmingly offbeat cousin, Go-boy, is equally convinced that Cesar will stay. And so they set a wager. If Cesar is still in Unalakleet in a year, he has to get a copy of Go-boy's Eskimo Jesus tattoo. Go-boy, who recently dropped out of college, believes wholeheartedly that he is part of a Good World conspiracy. At first Cesar considers Go-boy half crazy, but over time in this village, with his father absent and his brother in jail for murder, Cesar begins to see the beauty and hope Go-boy represents. The choice. This is a novel about a different Alaska than many of us have read about in the past, about a different kind of wilderness and survival. As Cesar (who later assumes his Eskimo name, Atausiq) becomes connected to the community and to Go-boy, the imprint he bears isn't Go-boy's tattoo but the indelible mark of Go-boy's heart and philosophy, a philosophy of hope that emphasizes our similarities to one another as well as a shared sense of community, regardless of place. As Go-boy says to Cesar, "Sometimes we're always real same-same."

**It Ends with Us**

**A Novel** *Pocket Books*

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true

romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Within us there is a world in continuous

boiling, made up of a whole network of circuits, connections and structures that give rise to a permanent torrent of thoughts and emotions, which gradually circulate through our minds on many occasions without our causing them voluntarily. This happens daily throughout all hours of the day. It is a passionate space of images that arise in an accelerated way and repeat and fade as time goes by. It is like a chaotic, disorganized universe, on which it is necessary to establish an order, a classification of priorities, a logic and a new structure. It is our inner world. It is like another hidden life that we should take out to try to analyze it, instead of continuing to remain in the daily film in which we are sometimes immersed and do not recognize ourselves, so that we come to feel empty when we verify that on many occasions we are not ourselves. Our mind is an essential tool for our survival and development in the environment in which we live. Thanks to it we can develop our full potential: all those qualities that we possess and that on many occasions we are not aware of. It is the most precious asset that we have, so our main concern should be to get to know its operation, to know the most important elements that make it up, because depending on how we use it, so will be our journey through life in all senses. Although it would not only be enough to know the main components that make it up, it is also necessary to achieve the right wisdom to know how to use it and get its full hidden potential. This requires a constant curiosity and search for information that can clarify the doubts and those gaps that we have in most cases about some aspects that are key and that govern mental life. For all these reasons, it should be said in the first place that the mind is made up of

an unconscious and a conscious part. The unconscious part comprises approximately 95% of the t

### **The Merchant of Venice** *Cambridge University Press*

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Covering this career-making story, Riley wrestles with the implications of this tragic incident for her Black community, her ambitions, and her relationship with her lifelong friend. Like Tayari Jones's *An American Marriage* and Jodi Picoult's *Small Great Things*, *We Are Not Like Them* explores complex questions of

race and how they pervade and shape our most intimate spaces in a deeply divided world. But at its heart, it's a story of enduring friendship—a love that defies the odds even as it faces its most difficult challenges.

## Ressourcement Theology

### **A Sourcebook** *Bloomsbury Publishing*

*Ressourcement Theology: A Sourcebook* offers a collection of texts previously unavailable in English from leading Dominicans and Jesuits, who initiated a movement for renewal that contributed to the reforms of the Second Vatican Council. In the last decade, theologians have undertaken a serious reappraisal of the contribution of Ressourcement theology to 20th century theology in the Catholic tradition and beyond. This 'return to Ressourcement' has resulted in many of the principal texts being translated into English and (re-)issued, ensuring their accessibility to scholars across the globe. Despite this, many of the earliest documents relating to the history of Ressourcement theology are unavailable to most English-speaking scholars, as they are largely journal articles and book chapters published in French. Patricia Kelly has selected the most significant texts that so far have been unavailable in English, including the controversial piece by Jean-Marie LeBlond ('The Analogy of Truth') that was condemned in the 1950s by the Vatican, as well as the response to Labourdette's attack on LeBlond, penned anonymously by a group of Jesuits. All of these documents will help students and scholars to engage deeply with the history of the Ressourcement movement and its relevance for the developments of the Catholic tradition.

### **Untamed** *Dial Press*

#1 NEW YORK TIMES BESTSELLER •

Over two million copies sold! "Packed with incredible insight about what it means to be a woman today."—Reese Witherspoon (Reese's Book Club Pick) In her most revealing and powerful memoir yet, the activist, speaker, bestselling author, and "patron saint of female empowerment" (People) explores the joy and peace we discover when we stop striving to meet others' expectations and start trusting the voice deep within us. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • The Washington Post • Cosmopolitan • Marie Claire • Bloomberg • Parade • "Untamed will liberate women—emotionally, spiritually, and physically. It is phenomenal."—Elizabeth Gilbert, author of *City of Girls* and *Eat Pray Love* This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn't it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves. For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There She Is. At first, Glennon assumed these words came to her from on high. But she

soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world's expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, *Untamed* is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member's ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: *There She Is*. *Untamed* shows us how to be brave. As Glennon insists: The braver we are, the luckier we get.

**When We Cease to Understand the World** *New York Review of Books*

One of The New York Times Book Review's "10 Best Books of 2021" Shortlisted for the 2021 International Booker Prize A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. *When We Cease to*

*Understand the World* is a book about the complicated links between scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of unparalleled genius, alienate friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our notions of the possible.

**Defining, Locating, and Addressing Bullying in the WPA Workplace** *University Press of Colorado*

*Defining, Locating, and Addressing Bullying in the WPA Workplace* is the first volume to take up the issue of bullying in writing programs. Contributors to this collection share their personal stories and analyze varieties of collegial malevolence they have experienced as WPAs with consequences in emotional, mental, and physical health and in personal and institutional economies. Contributors of varying status in different types of programs across many kinds of institutions describe various forms of bullying, including microaggressions, incivility, mobbing, and emotional abuse. They define bullying as institutional racism, "academic systemic incivility," a crisis of insularity, and faculty fundamentalism.

They locate bullying in institutional contexts, including research institutions, small liberal arts colleges, community colleges, and writing programs and writing centers. These locations are used as points of departure to further theorize bullying and to provide clear advice about agentive responses. A culture of silence discourages discussions of this behavior, making it difficult to address abuse. This silence also normalizes patterns and cultivates the perception that bullying arises naturally. Defining, Locating, and Addressing Bullying in the WPA Workplace helps the field to name these patterns of behaviors as bullying and resist ideologies of normalcy, encouraging and empowering readers to take an active role in defining, locating, and addressing bullying in their own workplaces. Contributors: Sarah Allen, Andrea Dardello, Harry Denny, Dawn Fels, Bre Garrett, W. Gary Griswold, Amy C. Heckathorn, Aurora Matzke, Staci Perryman-Clark, Sherry Rankins-Robertson, Erec Smith

#### **Trauma Stewardship**

**An Everyday Guide to Caring for Self While Caring for Others** *Berrett-Koehler Publishers*

Offers those who care for others and the planet a way to stay engaged, hopeful, balanced, and healthy when dealing with hardship, suffering, and trauma • Deepens readers' understanding of the many ways they and their organizations may be impacted by dealing with trauma and suffering • Uses moving first-person interviews and even cartoons to illuminate the idea of trauma stewardship Working to make the world a more hopeful and sustainable place often means having to confront pain, suffering, crisis, and trauma head-on, day in and day out. Over months and years this takes an enormous emotional, psychological, and physical toll, one that we're often not even fully aware of until the day we feel like we just can't go on anymore. And our well-being and the work we're doing are too important to risk that happening. This book is for all those who notice that they are not the people they once were or who are being told that by their families, friends, colleagues, or pets. Laura van Dernoot Lipsky takes a deep and sympathetic look at the many ways the stress of dealing with trauma manifests itself: feelings of helplessness and hopelessness, diminished creativity, chronic exhaustion, cynicism, and a dozen more. To keep from being overwhelmed, we need to respond to suffering in a thoughtful, intentional way—not by hardening our hearts or by internalizing others' struggles as our own but by developing a quality of compassionate presence. This is trauma stewardship. To help achieve this, Lipsky offers a variety of simple and profound

practices, drawn from modern psychology and a range of spiritual traditions, that enable us to look carefully at our reactions and motivations and discover new sources of energy and renewal. She includes interviews with successful trauma stewards from different walks of life and even uses New Yorker cartoons to illustrate her points. "We can do meaningful work in a way that works for us and for those we serve," Lipsky writes. "Taking care of ourselves while taking care of others allows us to contribute to our societies with such impact that we will leave a legacy informed by our deepest wisdom and greatest gifts instead of burdened by our struggles and despair."

### **We Share the Same Sky**

### **A Memoir of Memory & Migration**

*Blackstone Publishing*

In 2009, Rachael Cerrotti, a college student pursuing a career in photojournalism, asked her grandmother, Hana, if she could record her story. Rachael knew that her grandmother was a Holocaust survivor and the only one in her family alive at the end of the war. Rachael also knew that she survived because of the kindness of strangers. It wasn't a secret. Hana spoke about her history publicly and regularly. But, Rachael wanted to document it as only a granddaughter could. So, that's what they did: Hana talked and Rachael wrote. Upon Hana's passing in 2010, Rachael discovered an incredible archive of her life. There were

preserved albums and hundreds of photographs dating back to the 1920s. There were letters waiting to be translated, journals, diaries, deportation and immigration papers as well as creative writings from various stages of Hana's life. Rachael digitized and organized it all, plucking it from the past and placing it into her present. Then, she began retracing her grandmother's story, following her through Central Europe, Scandinavia, and across the United States. She tracked down the descendants of those who helped save her grandmother's life during the war. Rachael went in pursuit of her grandmother's memory to explore how the retelling of family stories becomes the history itself. *We Share the Same Sky* weaves together the stories of these two young women—Hana as a refugee who remains one step ahead of the Nazis at every turn, and Rachael, whose insatiable curiosity to touch the past guides her into the lives of countless strangers, bringing her love and tragic loss. Throughout the course of her twenties, Hana's history becomes a guidebook for Rachael in how to live a life empowered by grief.
