The beginner's guide to managed IT services. July 6, 2018 / in whitepaper / by Sara Szot. That's huge. This tells us that companies — both big and small — are starting to realize the value of managed IT services. They understand that it's better to pay a flat, monthly rate for a dedicated IT partner, rather than go at technology all alone.

Service marketing is a marketing category that takes into account the unique aspects of a service. A product can be tested and returned and is usually the same no matter who you sell it to. But a service, even if it is consistently high-quality, can't be identical each time. It also can't be "returned" in the same way.
