My Sister's Keeper was first produced at the 1976 Lennoxville Festival in Quebec. (an earlier version, entitled 'I've Seen You Cut Lemons,' had been directed by Sean Connery at the Fortune Theatre in London in 1970.) It is a play about sensitivity and about victims; about what we do to each other and particularly about what society does to women; about what makes us able to love and what prevents us from allowing ourselves to love. One day 'schizophrenic' Sarah arrives--to stay--at the London flat of her successful, 'normal' brother. The ensuing confrontations lead us, when we can catch our breath, to ask just who it is that is insane, and why?

My Sister's Keeper

A dark, psychological journey worthy of Dostoyevsky. - Cleveland Plain Dealer

Raw Histories

Photographs, Anthropology and Museums *Routledge*

Photographs have had an integral and complex role in many anthropological contexts, from fieldwork to museum exhibitions. This book explores how approaching anthropological photographs as 'history' can offer both theoretical and empirical insights into these roles. Photographs are thought to make problematic history because of their ambiguity and 'rawness'. In short, they have too many meanings. The author refutes this prejudice by exploring, through a series of case studies, precisely the potential of this raw quality to open up new perspectives. Taking the nature of photography as her starting point, the author argues that photographs are not merely pictures of things but are part of a dynamic and fluid historical dialogue, which is active not only in the creation of the photograph but in its subsequent social biography in archive and museum spaces, past and present. In this context, the book challenges any uniform view of anthropological photography and its resulting archives. Drawing on a variety of examples, largely from the Pacific, the book demonstrates how close readings of photographs reveal not only western agendas, but also many layers of differing historical and cross-cultural experiences. That is, photographs can 'spring leaks' to show an alternative viewpoint. These themes are developed further by examining the dynamics of photographs and issues around them as used by contemporary artists and curators and presented to an increasingly varied public. This book convincingly demonstrates photographs' potential to articulate histories other than those of their immediate appearances, a potential that can no longer be neglected by scholars and institutions.

House Rules

A Novel *Simon and Schuster*

From the #1 New York Times bestselling author of Small Great Things and the modern classics My Sister’s Keeper, The Storyteller, and more, comes a “complex, compassionate, and smart” (The Washington Post) novel about a family torn apart by a murder accusation. When your son can’t look you in the eye...does that mean he’s guilty? Jacob Hunt is a teen with Asperger’s syndrome. He’s hopeless at reading social cues or expressing himself well to others, though he is brilliant in many ways. He has a special focus on one subject—forensic analysis. A police scanner in his room clues him in to crime scenes, and he’s always showing up and telling the cops what to do. And he’s usually right. But when Jacob’s small hometown is rocked by a terrible murder, law enforcement comes to him. Jacob’s behaviors are hallmark Asperger’s, but they look a lot like guilt to the local police.

Suddenly the Hunt family, who only want to fit in, are thrust directly in the spotlight. For Jacob’s mother, it’s a brutal reminder of the intolerance and misunderstanding that always threaten her family. For his brother, it’s another indication why nothing is normal because of Jacob. And for the frightened small town, the soul-searing question looms: Did Jacob commit murder? House Rules is “a provocative story in which [Picoult] explores the pain of trying to comprehend the people we love—and reminds us that the truth often travels in disguise” (People).
