Conversions (1-per-click) count a conversion for every AdWords ad click resulting in a conversion within 30 days. This means if more than one conversion happens following a single ad click, conversions after the first will not count. What does this mean? Well it means that if a user clicks on one of your ads and within 30 days converts 4 conversions, the Conversions (1-per-click) will only track that as 1 conversion. Hence, the term 1-per-click.

Google Adwords Conversions 1 per click vs many per click
