Ferrari 360 Manual Vs F1

The 360 engine (F131) was the last in the long line of engine evolution that lasted nearly 40 years whereas the F430 engine (F136) is brand new and the first in a line that has continued into the 458 and California. As we found with manual vs. F1 transmissions, whether you like the 360 or the F430 more is all a matter of preference.

What Changed from the 360 to the F430? | Merlin Auto Group

F1 clutches tend to wear faster than manual transmission clutches, and they can be just as expensive to replace. Although my manual transmission

360 never needed a new clutch during the time I owned it, I was quoted more than \$5,000 from the dealership to replace it, should the need arise.

Ferrari 360 F1 Vs Manual - chimerayanartas.com

Transmission choice ranges from 6-speed manual transmission, or the electrohydraulic-actuated "F1" automated manual transmission. The 360 Modena went into production in 1999 and remained in production until 2005 when it was replaced by the F430. The Modena was followed two years later by the 360 Spider, Ferrari's 20th road-going convertible

which at launch overtook sales of the Modena. Other than weight, the Spider's specifications matched those of the Modena almost exactly.

Ferrari 360 cars for sale | PistonHeads UK

Both models were offered with a choice of manual or semi-automatic (F1) transmission. The manual cars feel very much the same to drive but there is a

noticeable difference with the F1 gearbox. I should begin by saying that I really rate the F1 gearboxes, even those fitted to early 360s.

Ferrari 360 vs F430 - Aldous Voice

The F1 transmission equipped 360s are generally advertised about £5,000 cheaper than manuals, or is that the manual cars are advertised £5,000 more than F1 cars? My advice would be if you haven't considered the F1 box and only wanted a manual that you should certainly try one, you may be surprised by how good it actually is - like I

was.
