**University Of Guelph
Uofgexamnetwork**
It's strange how first
year bio at each

university covers such a different range of topics, depending on the university.

Western's first year exams have a very very heavy focus on genetics, mutations, etc. along with an

emphasis on introductory biochem stuff. Of course there's a bit of evolution mixed in as well. We don't get to learn about blood vessels and stuff until 3rd year!
