Ethnicity Disability And Chronic Illness

In theoretical terms the book problematizes distinctions between users and carers, between the social model of disability and more individual medical discourses, and argues that chronic illness and impairment can be made sense of only within personal, social and citizenship contexts; and ethnicity and racism remain important aspects of this wider context for minority ethnic people with impairment or chronic ill health.

Ethnicity, Disability And Chronic Illness (Race, Health ...

Abstract This chapter aims to: • Understand how patterns of disablement and chronic illness may partly derive from levels of material deprivation. • Illustrate why it may be important to look at the interactions not only between ethnicity and disablement, but between other factors such as age, gender, socio-economic status.
