Michael Freeden - Wikipedia

An ideology is a set of beliefs or philosophies attributed to a person or group of persons, especially as held for reasons that are not purely epistemic, in which "practical elements are as prominent as theoretical ones." Formerly applied primarily to economic, political, or religious theories and policies, in a tradition going back to Karl Marx and Friedrich Engels, more recent use treats the term as mainly condemnatory. The term was coined by Antoine Destutt de Tracy, a French Enlightenment ar

Ideology - Wikipedia

- When comparing both ideology and theory, we can identify that ideologies are beliefs or thoughts of people in a community whereas theories are

experimented concepts. • It is difficult to prove that ideologies are false, but a theory can be proven to be wrong with evidence. • However, ideologies shape a community while theories provide explanations to existing phenomena.

Ideologies: the -isms - dummies

To cap all that, the contrast was a false one: liberalism was both a comprehensive political theory and a comprehensive ideology; communitarianism was not an ideology but an aspect of one. 16 As political theory—more specifically, as political philosophy—the two could be artificially constructed as opposites; but the ideology called ‘liberalism’ had long contained features of sociability and of group dynamics that were ‘communitarian’. A decade later, the more promising politics ...
