Does The 21st Century Belong

The 21st (twenty-first) century is the current century of the Anno Domini era or Common Era, in accordance with the Gregorian calendar. It began on January 1, 2001, and ends on December 31, 2100. [1] It is the first century of the 3rd millennium .

21st century - Wikipedia

Simply put, the 21st Century belongs to the Pacific. That's pretty obvious, though (even if one can make an argument for the Indian Ocean). The question is whether or not the West will remain the world's hyperpower in 2099 - or will China have caught up or even surpassed it by then?

Kissinger v. Li: Does the 21st century belong to China ...

It's not a question of whether the 21st century will belong to China, because China is not interested in dominating the world. As a society shaped by Confucius, China is mainly interested in solving its domestic problems and is far less interested in intervening in other countries' businesses. In David Li's words, "it's just not in China's DNA".
